## New Ticket In the Field at Mt. Prospect

### Present Board Members Candidates For Re-Election

Petitions for candidates to fill all the offices to be voted upon at the spring election except that for village clerk were filed with Edwin L. Busse, village clerk, Monday evening as follows:

For president of the village board, M. B. Pendleton. For trustees, John Thill, Edmund H. Cleven, John Pohlman and Everett C. Dovale. For police magistrate, Ralph E. Gould.

When interviewed by the Herald, Mr. Edwin A. Glaeser speaking for the newly organized party stated as follows: "The formation of the Civic Betterment party comes about through an active and spontaneous demand from every group and every section of our village for a ticket that will include men for our village offices who are eminently qualified by education, training and practical experience to carry on the work of the village in the best possible way. It is a generally recognized fact that our village has great potentialities as an outstanding suburban community, and that this growth must be carefully directed if all of us as citizens are to realize our hopes and ambitions for a clean, progressive, well organized and directed town of which we can all be proud."

"A great deal of work has gone into the selection of the candidates on the Civic Betterment ticket. In selecting our ticket we sought to secure men that were not only unquestionably well qualified, but who would give representation on the board of all sections of our village and not preponderently from one section as has been the case heretofor. In addition we set out to select men who are highly regarded amongst their immediate neighbors as well as the town at large, men who are entirely without business connections in the village itself, who can be counted on to give Mount Prospect a real business-like administration without fuss, fanfare, or partiality."

HARMONY TICKET

The old Harmony Party with a splendid four year record of achievement announces its ticket under the banner of The Progress Party.

Headed by Mayor I. E. Besander it carries the support of the Trustees and Police Magistrate, who have served with our Mayor the past four years.

The ticket is composed of Mayor I. E. Besander, Trustees Herman Haas, Elmer Wille, Emil Greinke, and Kermit Le May, and Edward J. Ahmer, Police Magistrate. All of the above candidates are well known to the citizens of Mt. Prospect and need no introduction.

## *80 Girls in Camp Fire Ceremony*

The Campfire Council Fire, which was held in the Methodist church at sundown last Sunday evening, was a joyful thing to watch, as eighty girls dressed in campfire ceremonial gowns and service costumes of white middy and skirt, filed into the candlelit church, carrying their lighted tapers, their faces radiant, to renew their campfire vows and to receive their awards for achievements accomplished.

Any parent who has wondered at the advantages gained through membership was glad to see the inspiration that the girls receive from the high ideals of the order, and to hear them earnestly repeat the Law of the Fire—to seek beauty, give service, pursue knowledge, be trustworthy, hold on to health, glorify work, and be happy—a true design for living.

Every girl received many beads, her reward for achievements accomplished in the seven crafts—home, health, hand, nature, business, camp and citizenship. These beads are used to adorn their ceremonial gowns, which are worn at their Council Fires.

Mrs. Ray Hayes, registered guardian from Arlington Heights, served as council fire leader and Mrs. Ralph Manley presided at the organ.

The Blue Birds, a pre-campfire group also took part in the council fire and sang two Bluebird songs.

Leaders in the Campfire organizations are Mrs. Ray Hayes, guardian; Mrs. John Kumler, guardian; Mrs. Rex Volz, guardian; Mrs. Bruce Jarvis, guardian; Mrs. Paul Collins, assistant guardian; Frances Schneberger, assistant guardian; Mrs. Kincheloe, assistant guardian; Mrs. Baldwin, assistant guardian; and Mrs. Ross Richards, Mrs. Adam Sledz, Mrs. Boss, Mrs. Chidley, Mrs. Parker and Mrs. Fritz, who have charge of the Bluebirds.

A great deal of the success of the Campfire organization in Arlington Heights is due to these efficient leaders, and to Mrs. Bruce Jarvis, who has been the guiding light of the entire organization to its guardians and girls.

The Campfire girls organization and the Bluebirds are sponsored by the Parent-Teacher association and the Woman's club.

## *A War Mother to Six Volunteer Sons, Passes*

Mary R. Wilcox, 87, of Arlington Heights—the mother of a family of volunteers—will be laid to rest in a little cemetery at Warsaw, Ind. Thursday afternoon. If ever a woman deserved military honors, Mrs. Wilcox is that woman.

Her husband, the father of eleven boys and one girl, tried his best to enlist in the Civil war, but his age and his stature were against him. However he and his wife imparted a love for country so strongly in the minds of their children that three of the older boys enlisted in the Spanish American war and in 1917 the three youngest were volunteers in the world war. A grandchild has volunteered in the air branch of the service and is now in training.

Mrs. Wilcox has resided with her son in Arlington Heights only four years, but they were joyful years to her as her health was of the best and she held her fullest faculties until near the end, that brought to a close a life of service to her country and to her family, Tuesday morning, after an illness of only four days.

Mary R. Wilcox, nee Cook, was born Aug. 6, 1853, in Warsaw, Ind., on the farm that her father homesteaded from the government. She married Melvin A. Wilcox Aug. 6, 1872, and the twelve children were all living until near the 50th wedding anniversary of their parents.

The Wilcox family remained in Indiana until 1911, after which the parents resided successively in South Haven, Mich., Chicago, Alberquerque, N. M., and Kansas City. Mr. Wilcox died in 1922. Mrs. Wilcox joined her son in Arlington Heights in 1937.

There was only one daughter among the twelve children. She is Miss Julia Wilcox, Sioux City, Ia. The homes of the sons extend from one end of the country to the other. In order of their age, they are: A. C. Wilcox, Arlington Heights; James A., Hot Springs, S. D.; Maurice, Sheridan, Wyoming; Lawrence, Chicago; Birt, Seattle, Wash.; John, Detroit; Richard E., Cleveland and Horace N., Brooklyn, N. Y. There are also 18 grandchildren and 16 great grandchildren.

Mrs. Wilcox was one of a family of fifteen children; one sister, Mrs. Alma Sellers, surviving.

Short services will be held at the Lauterburg & Oehler funeral home, Arlington Heights Thursday afternoon, burial at Warsaw.

Mrs. Wilcox had been a member of the Methodist church since her girlhood and at her death her membership was at Kansas City.

## Hrdlickas Find Hagenbrings Have A Real Home at Mobile

Mr. and Mrs. Hrdlicka have returned from a month spent in the south. They visited all of the important places in Florida including the "Mardi Gras" at New Orleans, but the place that surpassed all others was the home on Mobile Bay of Mr. and Mrs. Hagenbring, where they spent a week.

Mr. Hagenbring recently purchased a 32 foot cruiser in Waukegan, which he has had shipped to his home in Alabama. The only fishing that Ed had time to try was at the Hagenbring place where speckled trout was plentiful.

## Prospect Heights Asks For Police Court On Its Own

John W. Bowman, Prospect Heights is an independent candidate for justice of the peace in the Wheeling township election. Mr. Bowman says "Prospect Heights is important enough and large enough to have a police court of its own, both a judge and a constable." Harold Lamb of Prospect Heights is candidate for constable on the Regular ticket.

## Hoggay Buys Redeker Building; To Change Site With Studtmann

Mike Hoggay has purchased the Redeker store building, which has been occupied for many years by the Studtmann furniture store. In turn, Studtmann Bros. have leased the quarters to be vacated by the Hoggay billiard parlor. The change will take place about April 1.

## Lions to Aid Civic-Trade In July 4 Event

### Returns To Be Used for Civic Purposes

Arlington Heights Lions club will unite with the Arlington Heights Trade and Civic association in the 1941 Fourth of July celebration, the entire net proceeds to be used for some civic purpose. The board of directors of the business organization recently decided to invite the service organization to aid in the sponsorship. There are many civic jobs needed to be done in Arlington Heights and proceeds from a patriotic celebration could be used in no better way.

Among the new civic projects that is awaiting a sponsorship is a summer playground project directed by a paid supervisor. Less than half of the facilities at the park are put to use each summer. Neighboring communities with practically no facilities are doing more for their children in summer time directed play than Arlington Heights.

The park board recently voted to allow the free use of the park for July 4th for the usual Independence day celebration. A nominal fee of only $25 will be charged for use of field house. Application of the Red Wing ball team for the baseball diamond the coming summer was granted.

## Public Sentiment Kills Tavern Plan Near High School

With students from Maine township high school displaying banners reading, "Keep Maine Clean," and a crowded hall of citizens representing civic groups in Maine township, plans for a super bowling alley opposite Maine high school were killed Thursday night. Albert Ahrens, who planned the project which included a 12-alley recreation building and a tavern, voluntarily withdrew his application for a rezoning of the property from farm classification.

Robert Kingery, chairman of the county zoning board conducted the hearing, which had hardly started when the withdrawal of the petition was announced.

Arthur Swanson, architect of the proposed recreational hall, spoke for Mr. Ahrens and said "In the face of so much opposition, we wish to withdraw our petition. We would be foolish to consider building the project without having the good will of the community.

His announcement was received with great applause by the large audience. He further asked "if the petitioner selected another place to locate the project, would it have the support of the community?" and this was also applauded.

## South American Night Planned by Presbyterian Men's Club

Study of the problems and opinions of the South American Republics will constitute the program for the next monthly dinner of the Presbyterian Men's club to be held in the church dining room, Tuesday, March 25, at 6:30 p. m.

The speaker for the evening will be Professor Isaac J. Cox, chairman of the history department of Northwestern university. The title of his talk will be "The United States and Latin America: World Policy" in which he will deal particularly with public opinion as concerns the United States and conditions which determine relations between the two continents.

To visualize geographical and commercial conditions in South America, the motion picture "South by Sky" has been secured for showing.

All men interested in this important problem for America today are invited to attend. Reservation can be made by phoning 1395-J.

At the Lenten Fellowship supper Wednesday evening, March 19, at 6:30 p. m., Dr. Horace Greeley Smith, president of Garrett Biblical Institute, a graduate theological school affiliated with Northwestern university, will bring the address. President Smith is nationally known as a versatile speaker and one of the leading minds in Protestantism.

The public is cordially invited to attend the morning service on Sunday and the Lenten supper Wednesday to hear the inspiring messages of these prominent Methodists.

## Flentie Ends 80 Years Service; Thinks He's Done His Share

J. D. Flentie, retiring mayor of Arlington Heights, is still a young man in spite of eighty years he has given to public service, but he thinks that the rest of his years belong to his business and his family. He is not a candidate for re-election next month and he has said "no" many times the past month to insistent slate makers.

The above eighty years are proportioned among such public bodies as the township, village, park district, school board and the fire department. There are a lot of other years that could be added for service he has given as president and director of Lions club, the Trade and Civic association and others.

**Flentie's Service Record**

| | Years |
|---|---|
| Town Clerk, 1904-15 | 11 |
| Township collector, 1920-21 | 2 |
| Village trustees, 1909-13 | 4 |
| Arlington Heights mayor, 1931-41 | 12 |
| Park Commissioner | 6 |
| School Board Member | 6 |
| Member Fire Department | 40 |
| Total years | 80 |

Mr. Flentie was 22 years old when he was elected town clerk, a position that he held 13 years. He also served one term as tax collector. These were during his blacksmith days. Perhaps it was because he was a good blacksmith that he won recognition from his fellow townsmen. Those blacksmithing days are past, but he has made good his determination to be as good a public servant as he was a blacksmith and implement dealer.

Mr. Flentie had a prominent part in bringing about many major improvements.

His first term as a village official was in 1909 when he was elected a trustee. He was one of the original members of the park board, where he served six years. Previously he had been a member of the board of education four years.

It was during the past twelve years when he served as mayor that he accomplished his greatest public service. The major achievements of his administration are:

Replacement of gas street lights with electricity.

Erection of new addition to village hall and library.

Revision of ordinances.

Purchased two new fire trucks.

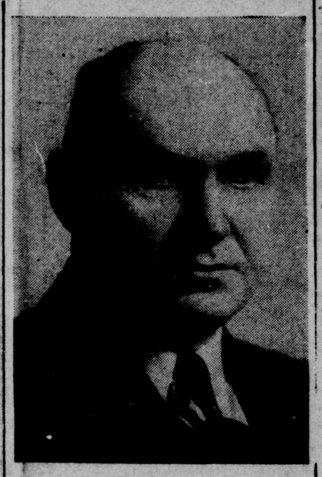
New municipal water supply; two wells completed, one under construction.

Erection new water tower and installation of large mains around village, reducing insurance rates.

Second addition to village hall (garage and storage house).

Made possible the present recreational park.

There are many other smaller projects, such as tree planting, side walks, street widening, etc. in which he was guiding spirit that formed the contacts and originated the setups that brought about the use of many thousands of WPA funds to make Arlington Heights a better town in which to live.



MAYOR J. D. FLENTIE, who retires after long public service.

Only those few who are familiar with the details are aware of the great service he gave to his home town in taking the major initiative for the acquirement of the park property and the original use of WPA funds for that project. He had the approval and was aided by members of the village board in bringing to a reality the dream of a few that Arlington Heights was important enough to have a swimming pool, recreation, park and field house. However, there were many things accomplished by Mr. Flentie, personally behind the scenes without which there would be no recreation park today. Chief among these was the agreement made with Spencer White organization, builders of the big sewer whereby special assessments totaling $17,100 were written off. That one achievement saved the village and park project $17,100.

In commenting on his retirement, Monday, Mayor Flentie said, "I wish I could personally show my appreciation for the loyal support given me by the board members to whom a lot of credit is due for the things that have been brought about during the past twelve years that I have been mayor. In return I want to say that I will be glad to aid in any way possible the incoming and future village boards. I hope to be as good a private citizen as I tried to be a public official.

## *Happy Bridegroom Answers Plea for More Building*

Building will start again in Scarsdale. A happy bridegroom says so. Paul Taege, Arlington Heights building commissioner has been down hearted two months over the fact that there is no evidence of any building activity. For the first time in many months he had to write a zero after the word Arlington Heights on his January report to the Bell Savings organization.

He dropped into the office of Wm. Tackett one day last week very much down in the mouth. He met a happy bridegroom in the person of Mr. Tackett, himself, who had just returned from a honeymoon spent in Florida. Mr. Tackett was more than pleased to oblige his friend, the commissioner, and immediately dug up five houses and made application for four that will be erected on Pine ave. and one on Belmont.

Commissioner Taege wishes that more builders would go on honeymoons.

Mrs. Tackett is the former Vera Hutchinson, secretary to Mr. Tackett.

The report corvering January building released by the Bell organization follows:

| | | |
|---|---|---|
| Arlington Heights | 0 | $ 0 |
| Des Plaines | 5 | 30,650 |
| Glenview | 9 | 74,000 |
| Morton Grove | 3 | 20,850 |
| Mount Prospect | 3 | 20,450 |
| Northbrook | 2 | 23,000 |
| Northfield | 2 | 21,475 |
| Palatine | 3 | 17,000 |
| Prospect Heights | 6 | 37,500 |
| Skokie | 18 | 162,550 |

## Chicken Pox Lays Siege To Northside School

No one is able to answer the inquiry why chicken pox is rampant in the north side public school and is almost negligible in the southside school. One day last week there were 65 children absent from the north school because of chicken pox. There were only five cases that day in the other school. There was only one absent from St. James school. There have been 24 cases at St. Peter, but nine have returned to school.

"In the eye of the motion picture camera, under the wizardy of a master director and the reverent genius of great players, the story of Christ has taken human form and greater understanding. Here we have a story so tense, so absorbing, so massive in its spirit of munificient self-sacrifice and passionate grandeur, so breath-taking in its tremendous climax, that its power and force is beyond description.

"Among the records of the world's most tremendous historical events and in all the greatest writings of all times, nothing even remotely approaches the awe inspiring magnificence of the story of Jesus of Nazareth, the King of Kings; whose words and deeds have swayed humanity for almost two thousand years."

The children's choir will offer vocal selections during the program. Tickets are now being sold.

## Two Arlington Children Win Contracts as Youthful Models

Little Ginger Forrest, 7, and her two year old sister, Carol, children of Mr. and Mrs. Wm. B. Forrest, 117 S. Walnut St., Arlington Heights, can not understand why young ladies work so hard to join the movies or appear as models. They were just taking a ride on the elevated when a talent scout found them.

The scout represented Underwood and Underwood, Chicago commercial photographers, who have the two girls under contract for advertising photography. Mr. and Mrs. Forrest were very reluctant at first to sign the contract but under the persuasion of the Chicago firm finally consented. The children's pictures will be used in advertising various manufactured products in national magazines and newspapers.

The Forrests came to Arlington Heights last June. Before buying a home of their own, they "tried out the town" — Arlington Heights more than met their expectations and they are now permanent residents, having purchased the home in which they are residing.

## Local Movie Star Gazes At Stars thru the Bars Of Army Guard House

George Hohmann, who was the sheik in the recent Lions movie in Arlington Heights, spent the week-end in the guard house at the Chicago armory, where he had reported for duty with the 122nd Field Artillery. George found there was too great a void between life in the movies in Arlington Heights and real army life.

He did not do anything real bad, just was late two mornings in succession; the first 3½ hours and the second 1½ hours.

The officer of the day borrowed a Lions song and said, "Into the guard house he must go." He stayed there from Saturday to Wednesday.

These stirring chorales by both choirs mark the program as distinctively Lutheran.

Mendelssohn's "I Waited for the Lord" will be rendered as a duet by Vera Koenecke and Mary Ann Eilers. Miss Eilers will also sing Malotte's "Lord's Prayer." A violin solo will be rendered by Kenneth Busse, accompanied by organ.

With the last day for filing petitions for Palatine offices Tuesday, no new candidates put in an appearance for Palatine village offices and there will be only one ticket in the field.

The Citizens ticket headed by Wm. H. DePue, well known Palatine real estate man, for village president and composed of a group of well known and favorably known citizens, many of whom have had previous experience in public service, offers to the voters of Palatine a set of public officials who should give a good account of themselves in the administration of village affairs.

The personnel of the Citizens ticket is as follows: For village president, Wm. H. DePue; for trustees for full term, George Henning, Larry Koch, Fred Oswald; for trustee to fill vacancy, E. H. Feddeler; for village clerk, E. P. Steinbrinck; for police magistrate, Laurence W. Inkster; for members of the library board, Robert L. Schoppe, Alma Kunze.

### Will Report For Duty March 25th

Selective Service Board No. 1 at Arlington Heights has received a request for thirty men as the March quota. They are supposed to report for induction March 25th at the armory at 230 East Chicago Avenue, Chicago.

The board is unable to release an official list of the thirty because there are not a sufficient number of class 1-A men who have been certified as physically fit for the service. Examining physicians will probably be able to certify this week the remaining nine men to complete the quota.

## Health Board Issues Chicken Pox Orders

At the meeting of the Arlington Heights Board of Health, March 7, the following action was taken. It was decided that "contacts" of chicken pox were not to be excluded from schools. Since this is the regulation of the State Health Department, the local Board of Health does not see fit to supercede it. Should a case of chicken pox have no physician in attendance, Mrs. Pino is authorized to report the case.

"The schools will require a doctor's certificate of recovery before readmittance to school."

It was also decided to placard for measles, although the regulations of the State Health Department do not require it.

## *Arlington Elevator and Coal Co. Celebrates 25th Anniversary*

Arlington Elevator & Coal Co. is 25 years old this week. Originally established over half a century ago as a farmer's elevator, buying and selling feed, it has grown with the community it has served. The removal of the old elevator and the erection of the above modern office structure on the same site, was the first step in "fixing up" Arlington Heights' "front yard," and the beautifying of the railroad parks.

The removal of the coal sheds followed, being replaced in another location with three silos. The silos have increased to nine. Seven trucks have taken the place of the one horse wagon.

With the decline of the milk producing industry in the vicinity of Arlington Heights, there was less need for a farmer's elevator and the firm added building supply lines excepting lumber. The popularity of oil heat, brought about the addition of fuel oil service including a fuel station and oil truck. These new lines required special equipment and large investments which was in keeping with the policy of the firm.

Gottlieb Schneberger, who established the business in March, 1916, with his son, George F. Schneberger, as manager, has now retired from active participation.

That son came from the football field at Northwestern into Arlington Heights business world. His enthusiasm for "doing things" has not lessened. And Arlington Elevator & Coal Co. has done its share in aiding community development. It was largely through the efforts of Mr. Schneberger that the entrance pillars to Arlington Heights were erected, the new freight depot built and other civic needs answered.

## New Ticket In the Field at Mt. Prospect

### Present Board Members Candidates For Re-Election

Petitions for candidates to fill all the offices to be voted upon at the spring election except that for village clerk were filed with Edwin L. Busse, village clerk, Monday evening as follows:

For president of the village board, M. B. Pendleton. For trustees, John Thill, Edmund H. Cleven, John Pohlman and Everett C. Dovale. For police magistrate, Ralph E. Gould.

When interviewed by the Herald, Mr. Edwin A. Glaeser speaking for the newly organized party stated as follows: "The formation of the Civic Betterment party comes about through an active and spontaneous demand from every group and every section of our village for a ticket that will include men for our village offices who are eminently qualified by education, training and practical experience to carry on the work of the village in the best possible way. It is a generally recognized fact that our village has great potentialities as an outstanding suburban community, and that this growth must be carefully directed if all of us as citizens are to realize our hopes and ambitions for a clean, progressive, well organized and directed town of which we can all be proud."

"A great deal of work has gone into the selection of the candidates on the Civic Betterment ticket. In selecting our ticket we sought to secure men that were not only unquestionably well qualified, but who would give representation on the board of all sections of our village and not preponderently from one section as has been the case heretofor. In addition we set out to select men who are highly regarded amongst their immediate neighbors as well as the town at large, men who are entirely without business connections in the village itself, who can be counted on to give Mount Prospect a real business-like administration without fuss, fanfare, or partiality."

HARMONY TICKET

The old Harmony Party with a splendid four year record of achievement announces its ticket under the banner of The Progress Party.

Headed by Mayor I. E. Besander it carries the support of the Trustees and Police Magistrate, who have served with our Mayor the past four years.

The ticket is composed of Mayor I. E. Besander, Trustees Herman Haas, Elmer Wille, Emil Greinke, and Kermit Le May, and Edward J. Ahmer, Police Magistrate. All of the above candidates are well known to the citizens of Mt. Prospect and need no introduction.

## *80 Girls in Camp Fire Ceremony*

The Campfire Council Fire, which was held in the Methodist church at sundown last Sunday evening, was a joyful thing to watch, as eighty girls dressed in campfire ceremonial gowns and service costumes of white middy and skirt, filed into the candlelit church, carrying their lighted tapers, their faces radiant, to renew their campfire vows and to receive their awards for achievements accomplished.

Any parent who has wondered at the advantages gained through membership was glad to see the inspiration that the girls receive from the high ideals of the order, and to hear them earnestly repeat the Law of the Fire—to seek beauty, give service, pursue knowledge, be trustworthy, hold on to health, glorify work, and be happy—a true design for living.

Every girl received many beads, her reward for achievements accomplished in the seven crafts—home, health, hand, nature, business, camp and citizenship. These beads are used to adorn their ceremonial gowns, which are worn at their Council Fires.

Mrs. Ray Hayes, registered guardian from Arlington Heights, served as council fire leader and Mrs. Ralph Manley presided at the organ.

The Blue Birds, a pre-campfire group also took part in the council fire and sang two Bluebird songs.

Leaders in the Campfire organizations are Mrs. Ray Hayes, guardian; Mrs. John Kumler, guardian; Mrs. Rex Volz, guardian; Mrs. Bruce Jarvis, guardian; Mrs. Paul Collins, assistant guardian; Frances Schneberger, assistant guardian; Mrs. Kincheloe, assistant guardian; Mrs. Baldwin, assistant guardian; and Mrs. Ross Richards, Mrs. Adam Sledz, Mrs. Boss, Mrs. Chidley, Mrs. Parker and Mrs. Fritz, who have charge of the Bluebirds.

A great deal of the success of the Campfire organization in Arlington Heights is due to these efficient leaders, and to Mrs. Bruce Jarvis, who has been the guiding light of the entire organization to its guardians and girls.

The Campfire girls organization and the Bluebirds are sponsored by the Parent-Teacher association and the Woman's club.

## *A War Mother to Six Volunteer Sons, Passes*

Mary R. Wilcox, 87, of Arlington Heights—the mother of a family of volunteers—will be laid to rest in a little cemetery at Warsaw, Ind. Thursday afternoon. If ever a woman deserved military honors, Mrs. Wilcox is that woman.

Her husband, the father of eleven boys and one girl, tried his best to enlist in the Civil war, but his age and his stature were against him. However he and his wife imparted a love for country so strongly in the minds of their children that three of the older boys enlisted in the Spanish American war and in 1917 the three youngest were volunteers in the world war. A grandchild has volunteered in the air branch of the service and is now in training.

Mrs. Wilcox has resided with her son in Arlington Heights only four years, but they were joyful years to her as her health was of the best and she held her fullest faculties until near the end, that brought to a close a life of service to her country and to her family, Tuesday morning, after an illness of only four days.

Mary R. Wilcox, nee Cook, was born Aug. 6, 1853, in Warsaw, Ind., on the farm that her father homesteaded from the government. She married Melvin A. Wilcox Aug. 6, 1872, and the twelve children were all living until near the 50th wedding anniversary of their parents.

The Wilcox family remained in Indiana until 1911, after which the parents resided successively in South Haven, Mich., Chicago, Alberquerque, N. M., and Kansas City. Mr. Wilcox died in 1922. Mrs. Wilcox joined her son in Arlington Heights in 1937.

There was only one daughter among the twelve children. She is Miss Julia Wilcox, Sioux City, Ia. The homes of the sons extend from one end of the country to the other. In order of their age, they are: A. C. Wilcox, Arlington Heights; James A., Hot Springs, S. D.; Maurice, Sheridan, Wyoming; Lawrence, Chicago; Birt, Seattle, Wash.; John, Detroit; Richard E., Cleveland and Horace N., Brooklyn, N. Y. There are also 18 grandchildren and 16 great grandchildren.

Mrs. Wilcox was one of a family of fifteen children; one sister, Mrs. Alma Sellers, surviving.

Short services will be held at the Lauterburg & Oehler funeral home, Arlington Heights Thursday afternoon, burial at Warsaw.

Mrs. Wilcox had been a member of the Methodist church since her girlhood and at her death her membership was at Kansas City.

## Hrdlickas Find Hagenbrings Have A Real Home at Mobile

Mr. and Mrs. Hrdlicka have returned from a month spent in the south. They visited all of the important places in Florida including the "Mardi Gras" at New Orleans, but the place that surpassed all others was the home on Mobile Bay of Mr. and Mrs. Hagenbring, where they spent a week.

Mr. Hagenbring recently purchased a 32 foot cruiser in Waukegan, which he has had shipped to his home in Alabama. The only fishing that Ed had time to try was at the Hagenbring place where speckled trout was plentiful.

## Lions to Aid Civic-Trade In July 4 Event

### Returns To Be Used for Civic Purposes

Arlington Heights Lions club will unite with the Arlington Heights Trade and Civic association in the 1941 Fourth of July celebration, the entire net proceeds to be used for some civic purpose. The board of directors of the business organization recently decided to invite the service organization to aid in the sponsorship. There are many civic jobs needed to be done in Arlington Heights and proceeds from a patriotic celebration could be used in no better way.

Among the new civic projects that is awaiting a sponsorship is a summer playground project directed by a paid supervisor. Less than half of the facilities at the park are put to use each summer. Neighboring communities with practically no facilities are doing more for their children in summer time directed play than Arlington Heights.

The park board recently voted to allow the free use of the park for July 4th for the usual Independence day celebration. A nominal fee of only $25 will be charged for use of field house. Application of the Red Wing ball team for the baseball diamond the coming summer was granted.

## Public Sentiment Kills Tavern Plan Near High School

With students from Maine township high school displaying banners reading, "Keep Maine Clean," and a crowded hall of citizens representing civic groups in Maine township, plans for a super bowling alley opposite Maine high school were killed Thursday night. Albert Ahrens, who planned the project which included a 12-alley recreation building and a tavern, voluntarily withdrew his application for a rezoning of the property from farm classification.

Robert Kingery, chairman of the county zoning board conducted the hearing, which had hardly started when the withdrawal of the petition was announced.

Arthur Swanson, architect of the proposed recreational hall, spoke for Mr. Ahrens and said "In the face of so much opposition, we wish to withdraw our petition. We would be foolish to consider building the project without having the good will of the community.

His announcement was received with great applause by the large audience. He further asked "if the petitioner selected another place to locate the project, would it have the support of the community?" and this was also applauded.

## South American Night Planned by Presbyterian Men's Club

Study of the problems and opinions of the South American Republics will constitute the program for the next monthly dinner of the Presbyterian Men's club to be held in the church dining room, Tuesday, March 25, at 6:30 p. m.

The title of his talk will be "The United States and Latin America: World Policy" in which he will deal particularly with public opinion as concerns the United States and conditions which determine relations between the two continents.

To visualize geographical and commercial conditions in South America, the motion picture "South by Sky" has been secured for showing.

All men interested in this important problem for America today are invited to attend. Reservation can be made by phoning 1395-J.

President Smith is nationally known as a versatile speaker and one of the leading minds in Protestantism.

The public is cordially invited to attend the morning service on Sunday and the Lenten supper Wednesday to hear the inspiring messages of these prominent Methodists.

## Flentie Ends 80 Years Service; Thinks He's Done His Share

J. D. Flentie, retiring mayor of Arlington Heights, is still a young man in spite of eighty years he has given to public service, but he thinks that the rest of his years belong to his business and his family. He is not a candidate for re-election next month and he has said "no" many times the past month to insistent slate makers.

The above eighty years are proportioned among such public bodies as the township, village, park district, school board and the fire department. There are a lot of other years that could be added for service he has given as president and director of Lions club, the Trade and Civic association and others.

**Flentie's Service Record**

| | Years |
|---|---|
| Town Clerk, 1904-15 | 11 |
| Township collector, 1920-21 | 2 |
| Village trustees, 1909-13 | 4 |
| Arlington Heights mayor, 1931-41 | 12 |
| Park Commissioner | 6 |
| School Board Member | 6 |
| Member Fire Department | 40 |
| Total years | 80 |

MAYOR J. D. FLENTIE, who retires after long public service.

Mr. Flentie was 22 years old when he was elected town clerk, a position that he held 13 years. He also served one term as tax collector. These were during his blacksmith days. Perhaps it was because he was a good blacksmith that he won recognition from his fellow townsmen. Those blacksmithing days are past, but he has made good his determination to be as good a public servant as he was a blacksmith and implement dealer.

Mr. Flentie had a prominent part in bringing about many major improvements.

His first term as a village official was in 1909 when he was elected a trustee. He was one of the original members of the park board, where he served six years. Previously he had been a member of the board of education four years.

It was during the past twelve years when he served as mayor that he accomplished his greatest public service. The major achievements of his administration are:

Replacement of gas street lights with electricity.

Erection of new addition to village hall and library.

Revision of ordinances.

Purchased two new fire trucks.

New municipal water supply; two wells completed, one under construction.

Erection new water tower and installation of large mains around village, reducing insurance rates.

Second addition to village hall (garage and storage house).

Made possible the present recreational park.

There are many other smaller projects, such as tree planting, side walks, street widening, etc. in which he was guiding spirit that formed the contacts and originated the setups that brought about the use of many thousands of WPA funds to make Arlington Heights a better town in which to live.

Only those few who are familiar with the details are aware of the great service he gave to his home town in taking the major initiative for the acquirement of the park property and the original use of WPA funds for that project. He had the approval and was aided by members of the village board in bringing to a reality the dream of a few that Arlington Heights was important enough to have a swimming pool, recreation, park and field house. However, there were many things accomplished by Mr. Flentie, personally behind the scenes without which there would be no recreation park today. Chief among these was the agreement made with Spencer White organization, builders of the big sewer whereby special assessments totaling $17,100 were written off. That one achievement saved the village and park project $17,100.

In commenting on his retirement, Monday, Mayor Flentie said, "I wish I could personally show my appreciation for the loyal support given me by the board members to whom a lot of credit is due for the things that have been brought about during the past twelve years that I have been mayor. In return I want to say that I will be glad to aid in any way possible the incoming and future village boards. I hope to be as good a private citizen as I tried to be a public official.

## *Happy Bridegroom Answers Plea for More Building*

Building will start again in Scarsdale. A happy bridegroom says so. Paul Taege, Arlington Heights building commissioner has been down hearted two months over the fact that there is no evidence of any building activity. For the first time in many months he had to write a zero after the word Arlington Heights on his January report to the Bell Savings organization.

He dropped into the office of Wm. Tackett one day last week very much down in the mouth. He met a happy bridegroom in the person of Mr. Tackett, himself, who had just returned from a honeymoon spent in Florida. Mr. Tackett was more than pleased to oblige his friend, the commissioner, and immediately dug up five houses and made application for four that will be erected on Pine ave. and one on Belmont.

Commissioner Taege wishes that more builders would go on honeymoons.

Mrs. Tackett is the former Vera Hutchinson, secretary to Mr. Tackett.

The report covering January building released by the Bell organization follows:

| | | |
|---|---|---|
| Arlington Heights | 0 | $ 0 |
| Des Plaines | 5 | 30,650 |
| Glenview | 9 | 74,000 |
| Morton Grove | 3 | 20,850 |
| Mount Prospect | 3 | 20,450 |
| Northbrook | 2 | 23,000 |
| Northfield | 2 | 21,475 |
| Palatine | 3 | 17,000 |
| Prospect Heights | 6 | 37,500 |
| Skokie | 18 | 162,550 |

## Chicken Pox Lays Siege To Northside School

No one is able to answer the inquiry why chicken pox is rampant in the north side public school and is almost negligible in the southside school. One day last week there were 65 children absent from the north school because of chicken pox. There were only five cases that day in the other school. There was only one absent from St. James school. There have been 24 cases at St. Peter, but nine have returned to school.

## 'Crown of Thorns', Movie of Christ, On Lutheran Program

"In the eye of the motion picture camera, under the wizardy of a master director and the reverent genius of great players, the story of Christ has taken human form and greater understanding. Here we have a story so tense, so absorbing, so massive in its spirit of munificient self-sacrifice and passionate grandeur, so breath-taking in its tremendous climax, that its power and force is beyond description.

"Among the records of the world's most tremendous historical events and in all the greatest writings of all times, nothing even remotely approaches the awe inspiring magnificence of the story of Jesus of Nazareth, the King of Kings; whose words and deeds have swayed humanity for almost two thousand years."

The children's choir will offer vocal selections during the program. Tickets are now being sold.

## Two Arlington Children Win Contracts as Youthful Models

Little Ginger Forrest, 7, and her two year old sister, Carol, children of Mr. and Mrs. Wm. B. Forrest, 117 S. Walnut St., Arlington Heights, can not understand why young ladies work so hard to join the movies or appear as models. They were just taking a ride on the elevated when a talent scout found them.

The scout represented Underwood and Underwood, Chicago commercial photographers, who have the two girls under contract for advertising photography. Mr. and Mrs. Forrest were very reluctant at first to sign the contract but under the persuasion of the Chicago firm finally consented. The children's pictures will be used in advertising various manufactured products in national magazines and newspapers.

The Forrests came to Arlington Heights last June. Before buying a home of their own, they "tried out the town" — Arlington Heights more than met their expectations and they are now permanent residents, having purchased the home in which they are residing.

## Local Movie Star Gazes At Stars thru the Bars Of Army Guard House

George Hohmann, who was the sheik in the recent Lions movie in Arlington Heights, spent the week-end in the guard house at the Chicago armory, where he had reported for duty with the 122nd Field Artillery. George found there was too great a void between life in the movies in Arlington Heights and real army life.

He did not do anything real bad, just was late two mornings in succession; the first 3½ hours and the second 1½ hours.

The officer of the day borrowed a Lions song and said, "Into the guard house he must go." He stayed there from Saturday to Wednesday.

Included in the program will be Shelley's rhythmic "The King of Love My Shepherd is," Farrant's pleading "Call to Remembrance," McFarlane's expressive "Open Our Eyes," as well as a group of chorales by the great Johann Sebastian Bach. These stirring chorales by both choirs mark the program as distinctively Lutheran.

Mendelssohn's "I Waited for the Lord" will be rendered as a duet by Vera Koenecke and Mary Ann Eilers. Miss Eilers will also sing Malotte's "Lord's Prayer." A violin solo will be rendered by Kenneth Busse, accompanied by organ.

## One Ticket in Palatine Village

With the last day for filing petitions for Palatine offices Tuesday, no new candidates put in an appearance for Palatine village offices and there will be only one ticket in the field.

The Citizens ticket filed some time ago will be the only ticket on the ballot.

The Citizens ticket headed by Wm. H. DePue, well known Palatine real estate man, for village president and composed of a group of well known and favorably known citizens, many of whom have had previous experience in public service, offers to the voters of Palatine a set of public officials who should give a good account of themselves in the administration of village affairs.

The personnel of the Citizens ticket is as follows: For village president, Wm. H. DePue; for trustees for full term, George Henning, Larry Koch, Fred Oswald; for trustee to fill vacancy, E. H. Feddeler; for village clerk, E. P. Steinbrinck; for police magistrate, Laurence W. Inkster; for members of the library board, Robert L. Schoppe, Alma Kunze.

The village election will be held Tuesday, April 15.

## Call Thirty for Army Service in District One

### Will Report For Duty March 25th

Selective Service Board No. 1 at Arlington Heights has received a request for thirty men as the March quota. They are supposed to report for induction March 25th at the armory at 230 East Chicago Avenue, Chicago.

The board is unable to release an official list of the thirty because there are not a sufficient number of class 1-A men who have been certified as physically fit for the service. Examining physicians will probably be able to certify this week the remaining nine men to complete the quota.

## Health Board Issues Chicken Pox Orders

At the meeting of the Arlington Heights Board of Health, March 7, the following action was taken. It was decided that "contacts" of chicken pox were not to be excluded from schools. Since this is the regulation of the State Health Department, the local Board of Health does not see fit to supercede it. Should a case of chicken pox have no physician in attendance, Mrs. Pino is authorized to report the case.

"The schools will require a doctor's certificate of recovery before readmittance to school."

It was also decided to placard for measles, although the regulations of the State Health Department do not require it.

## *Arlington Elevator and Coal Co. Celebrates 25th Anniversary*

Arlington Elevator & Coal Co. is 25 years old this week. Originally established over half a century ago as a farmer's elevator, buying and selling feed, it has grown with the community it has served. The removal of the old elevator and the erection of the above modern office structure on the same site, was the first step in "fixing up" Arlington Heights' "front yard," and the beautifying of the railroad parks.

The removal of the coal sheds followed, being replaced in another location with three silos. The silos have increased to nine. Seven trucks have taken the place of the one horse wagon.

With the decline of the milk producing industry in the vicinity of Arlington Heights, there was less need for a farmer's elevator and the firm added building supply lines excepting lumber. The popularity of oil heat, brought about the addition of fuel oil service including a fuel station and oil truck. These new lines required special equipment and large investments which was in keeping with the policy of the firm.

Gottlieb Schneberger, who established the business in March, 1916, with his son, George F. Schneberger, as manager, has now retired from active participation.

That son came from the football field at Northwestern into Arlington Heights business world. His enthusiasm for "doing things" has not lessened. And Arlington Elevator & Coal Co. has done its share in aiding community development. It was largely through the efforts of Mr. Schneberger that the entrance pillars to Arlington Heights were erected, the new freight depot built and other civic needs answered.

### CHRISTIAN SCIENCE CHURCHES

"Man" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, March 9.

The Golden Text was, "Beloved, now are we the sons of God, and it doth not yet appear what we shall be: but we know that, when he shall appear, we shall be like him; for we shall see him as he is" (I John 3:2).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "And when he was demanded of the Pharisees, when the kingdom of God should come, he answered them and said, the kingdom of God cometh not with observation: Neither shall they say, Lo here! or, Lo there! for, behold, the kingdom of God is within you" (Luke 17:20, 21).

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "When speaking of God's children, not the children of men, Jesus said, 'The kingdom of God is within you;' that is, Truth and Love reign in the real man, showing that man in God's image is unfallen and eternal. Jesus beheld in Science the perfect man, who appeared to him where sinning mortal man appears to mortals. In this perfect man the Saviour saw God's own likeness, and this correct view of man healed the sick" (p. 476).

## Prenuptial Parties For Lorraine Bublitz

Two bridal showers have been given in the past two weeks honoring the approaching marriage of Miss Lorraine Bublitz to Richard Niemeyer, which will take place on March 29 in the St. Peter's Lutheran church.

Miss Lorraine Landeck entertained fourteen friends of Miss Bublitz at a miscellaneous shower, where a color scheme of yellow and white was used to decorate the luncheon table. Large hearts as a center piece with tall candles, and small parasols as place cards carried out the shower idea.

On March 1, Miss Bernice Mueller gave a linen shower in honor of Miss Bublitz, and following an evening of games, the guests enjoyed a late supper at a table decorated with a doll bride as a center piece and calla lilies were used for place cards.

Regular meeting of Arlington Nurses club to be held March 14 at 8 o'clock at the home of Mrs. Frank Sachs, 314 W. Mueller.

Mr. and Mrs. Oris B. Cunningham and family spent the weekend in Bloomington, Ill., visiting at the home of Mr. and Mrs. Grimm.

## *In 'Sim Sala Bim' Dante at Erlanger*

After a lapse of over a decade, the art of mystery and illusion will again be revealed in all its magnificence, Oriental costumal embellishment, ornate scenic investiture and coterie of mystifiers; presided over by the world's greatest illusionist, Dante, who will be aided by a gorgeous feminine beauty, Moi-Yo Miller, who is said to be the best woman prestidigitateur before the public; and a cast of 35 mystifiers, in his sensational international revue of mirth-melody and mystery, "Sim Sala Bim," at the Erlanger theatre, Chicago, for a limited engagement, commencing Monday evening, March 17, with matinees Wednesday, Saturday and Sunday.

Dante has recently returned to his adopted country — the United States—after a fourteen years' sojourn in every land where the white man lives, making four complete tours of the world, where he has been acclaimed as the most expertly original illusionist and master of magic before the public. Upon his arrival in New York City last September, he appeared for six weeks at the Morosco theatre to enormous audiences. Here the press gave him the most eulogistic enconiums. The New York Times wrote "Dante is to magic what Paderewski is to the piano." The Daily News, "You'll Love Dante, the only real novelty the new show season has uncovered . . . Here is a bit of Herrmann the Great, and a bit of Kellar the Greater. Here is a touch of Houdini the Marvelous, and a big slice of Thurston the Incredible. And here, fusing the greatest jumble of paraphernalia and properties ever piled together on one stage is Dante the

### COMPANY DINNER ON A SHOE STRING

This is the story of a young married woman who declared she was going to crawl into a hole and stay there. Never again would she invite anyone to her house . . . and, of course, she wouldn't go to anyone else's house. The reason for this withdrawing from the world was merely a badly slashed budget.

**Old Hands At Entertaining On A Shoe String**

Fortunately she made this drastic statement to two neighbors who were old hands at entertaining on a shoe string. So when this disconsolate young woman said it was bad enough to keep her husband and herself on budget meals . . . but that she simply would not inflict them on company . . . they knew better than to try to preach a little sermon about it being the spirit of hospitality that counted rather than the food. They knew their neighbor was in no mood to listen to anything like that . . . no matter how true it might be.

**More Compliments Than Ever Before**

They just sat down and helped her figure out an economical and delicious dinner which she told them afterwards won her more compliments both from the men and women guests than any dinner she'd ever given. And she'd been addicted to very elaborate and expensive dinners. Here is the dinner her friends helped her plan:

Ham Loaf with Cherry Sauce
Baked Sweet Potatoes Buttered Broccoli (or green beans)
Lettuce Salad Rye Bread
Hot Gingerbread Ring with Apple Sauce Coffee

**HAM LOAF WITH CHERRY SAUCE**

Add ¼ cup milk to 1 cup soft bread crumbs (or whole wheat flake prepared breakfast cereal) packed in cup. Let stand a few minutes. Beat 1 egg well. Blend in 1 lb. ground raw ham, ½ lb. ground raw pork, ½ tsp. dry mustard, and the moistened bread crumbs or wheat flakes. Pack in bread loaf pan (4x8 inches). Spread 1 tsp. prepared mustard over the top. Then sprinkle with ¼ cup brown sugar. Bake 1 hour and 15 minutes in a moderate oven (350° F.). When baked, place on hot serving platter. Serve hot with hot Cherry Sauce. This makes 6 to 8 servings.

Cherry Sauce: Mix together 2 tbsp. cornstarch and ½ cup sugar in saucepan. Stir in 1 No. 2 can sour pitted cherries (about 2½ cups). Cook until mixture thickens, stirring constantly.

**HOT GINGERBREAD RING WITH APPLESAUCE**

| | |
|---|---|
| ½ cup shortening | 1 tsp. soda |
| 2 tbsp. sugar | ½ tsp. salt |
| 1 egg | 1 tsp. ginger |
| 1 cup black molasses | 1 tsp. cinnamon |
| 2¼ cups sifted all-purpose flour | 1 cup boiling water |

Cream shortening, add sugar, and cream well. Blend in well beaten egg and molasses. Sift flour, soda, salt and spices together . . . and add to creamed mixture alternately with the boiling water. Pour into a heavily greased and floured 9-inch ring mold (measured across the bottom), (2 inches deep with an open center 4½ inches wide). (The mold should not be more than ⅔ full as batter rises very high). Bake about 45 minutes in a slow moderate oven (325° F.). When baked, let stand in pan a couple minutes before turning onto hot serving platter.

If a 9-inch ring mold is not available: Fill a smaller mold only ⅔ and bake the remaining batter in greased and floured cup cake pans.

**Fill With Apple Sauce**

Fill the center of the hot gingerbread on the platter with 3½ cups sweetened thick applesauce. Garnish with ½ cup whipping cream whipped and sweetened with 2 tbsp. sugar. This makes 8 to 10 servings.

**'Poor Man's Law Office'**

Since its establishment nine years ago, Duke university's legal clinic, called "poor man's law office," has handled 2,500 legal matters for impecunious clients.

**Large Mushrooms**

A North African variety of mushroom stands two feet high. Some other mushrooms are so large that one of them would be more than a meal for a man.

**Women Slim in Chile**

Chile's climate, according to Herminia Davilla, keeps women slim. They eat five-course lunches and seven-course dinners, both with dessert, yet they seldom need to reduce.

## *In 'Sim Sala Bim' Dante at Erlanger*

After a lapse of over a decade, the art of mystery and illusion will again be revealed in all its magnificence, Oriental costumal embellishment, ornate scenic investiture and coterie of mystifiers; presided over by the world's greatest illusionist, Dante, who will be aided by a gorgeous feminine beauty, Moi-Yo Miller, who is said to be the best woman prestidigitateu before the public; and a cast of 35 mystifiers, in his sensational international revue of mirth-melody and mystery, "Sim Sala Bim," at the Erlanger theatre, Chicago, for a limited engagement, commencing Monday evening, March 17, with matinees Wednesday, Saturday and Sunday.

Dante has recently returned to his adopted country — the United States—after a fourteen years' sojourn in every land where the white man lives, making four complete tours of the world, where he has been acclaimed as the most expertly original illusionist and master of magic before the public. Upon his arrival in New York City last September, he appeared for six weeks at the Morosco theatre to enormous audiences. Here the press gave him the most eulogistic enconciums. The New York Times wrote "Dante is to magic what Paderewski is to the piano." The Daily News, "You'll Love Dante, the only real novelty the new show season has uncovered . . . Here is a bit of Herrmann the Great, and a bit of Kellar the Greater. Here is a touch of Houdini the Marvelous, and a big slice of Thurston the Incredible. And here, fusing the greatest jumble of paraphernalia and properties ever piled together on one stage is Dante the

### COMPANY DINNER ON A SHOE STRING

This is the story of a young married woman who declared she was going to crawl into a hole and stay there. Never again would she invite anyone to her house . . . and, of course, she wouldn't go to anyone else's house. The reason for this withdrawing from the world was merely a badly slashed budget.

**Old Hands At Entertaining On A Shoe String**

Fortunately she made this drastic statement to two neighbors who were old hands at entertaining on a shoe string. So when this disco aged young woman said it was bad enough to keep her husband and herself on budget meals . . . but that she simply would not inflict them on company . . . they knew better than to try to preach a little sermon about it being the spirit of hospitality that counted rather than the food. They knew their neighbor was in no mood to listen to anything like that . . . no matter how true it might be.

**More Compliments Than Ever Before**

They just sat down and helped her figure out an economical and delicious dinner which she told them afterwards won her more compliments both from the men and women guests than any dinner she'd ever given. And she'd been addicted to very elaborate and expensive dinners. Here is the dinner her friends helped her plan:

Ham Loaf with Cherry Sauce
Baked Sweet Potatoes — Buttered Broccoli (or green beans)
Lettuce Salad — Rye Bread
Hot Gingerbread Ring with Apple Sauce — Coffee

**HAM LOAF WITH CHERRY SAUCE**

Add ¼ cup milk to 1 cup soft bread crumbs (or whole wheat flake prepared breakfast cereal) packed in cup. Let stand a few minutes. Beat 1 egg well. Blend in 1 lb. ground raw ham, ½ lb. ground raw pork, ½ tsp. dry mustard, and the moistened bread crumbs or wheat flakes. Pack in bread loaf pan (4x8 inches). Spread 1 tsp. prepared mustard over the top. Then sprinkle with ¼ cup brown sugar. Bake 1 hour and 15 minutes in a moderate oven (350° F.). When baked, place on hot serving platter. Serve hot with hot Cherry Sauce. This makes 6 to 8 servings.

Cherry Sauce: Mix together 2 tbsp. cornstarch and ½ cup sugar in saucepan. Stir in 1 No. 2 can sour pitted cherries (about 2½ cups). Cook until mixture thickens, stirring constantly.

**HOT GINGERBREAD RING WITH APPLESAUCE**

½ cup shortening
2 tbsp. sugar
1 egg
1 cup black molasses
2¼ cups sifted all-purpose flour
1 tsp. soda
½ tsp. salt
1 tsp. ginger
1 tsp. cinnamon
1 cup boiling water

Cream shortening, add sugar, and cream well. Blend in well beaten egg and molasses. Sift flour, soda, salt and spices together . . . and add to creamed mixture alternately with the boiling water. Pour into a heavily greased and floured 9-inch ring mold (measured across the bottom), (2 inches deep with an open center 4½ inches wide). (The mold should not be more than ⅔ full as batter rises very high). Bake about 45 minutes in a slow moderate oven (325° F.). When baked, let stand in pan a couple minutes before turning onto hot serving platter.

If a 9-inch ring mold is not available: Fill a smaller mold only ⅔ and bake the remaining batter in greased and floured cup cake pans.

**Fill With Apple Sauce**

Fill the center of the hot gingerbread on the platter with 3½ cups sweetened thick applesauce. Garnish with ½ cup whipping cream whipped and sweetened with 2 tbsp. sugar. This makes 8 to 10 servings.

## *Old Gardener Says---*

Use houseplants to beautify your home! Many otherwise dull or unattractive spots can be brightened with flowering house plants, cactus, succulents, foliage plants, vines, or terrariums. Indoor gardening is anybody's sport. You needn't be an expert to join the fun. Factors vital to indoor plants are simple and few—drainage, soil, temperature and light. Control them and you'll have the triumph of fresh green life and colorful bloom.

The most difficult obstacle to overcome in growing plants successfully is the usually hot, dry atmosphere in the room in which they must live. Humidifying pans on the hot air registers or a shallow copper or pottery bowl filled with water like a small reflecting pool and placed among the houseplants will do much to eliminate this dryness.

This gardener has heard tell there will be a class for houseplants in the local flower show. Better check up on your own—they must have been in your home three months by the date of the exhibit.

## Mt. Prospect Men's Club Meeting Friday, Mar. 21

Inasmuch as everyone is vitally interested in National Defense, the next meeting of the Men's club will feature one of the most important products in use in building our country's defenses.

A "technicolor" motion picture "Steel—Man's Servant" has been secured. This film outlines, in natural color photography, the processing of steel from the ore pits to the finished product.

The commentator in the film is Edwin C. Hill, who explains the processes as they are shown.

This meeting will be Friday night, March 21, at 8 p. m. at the South Church Recreation room.

## Red Cross Meeting

Mrs. M. F. Madison, chairman American Red Cross, requests that odd or old lengths of yarn, no matter what color or weight, be given to the group to be used in the work.

The Red Cross work is sponsored by the Mt. Prospect Woman's club and a group will meet for sewing at the home of Mrs. Madison at 9:30 a. m. next Monday. Anyone interested in helping this organization is welcome to attend.

Mrs. John Work and children, Johnnie and Dolly, are moving to Texas. At present they are spending a few days in Evanston and then will drive to Fort Worth, Texas. Mr. Work is in business there and that will be their new home.

## Camp Fire Girls Hold Public Council Life

Camp Fire Girls everywhere will celebrate the 29th birthday of their organization on March 17. Twenty-nine years ago Mr. and Mrs. Luther Gulick started the first Camp Fire group because they felt there was a real need for some organization to interest growing girls. Today there are over two million Camp Fire Girls in all parts of the world.

The name Camp Fire was chosen for two reasons—because the fire on the hearth has symbolized the heart of the home since the earliest times; and because the Camp Fire suggests the out-of-doors, its beauty, the health giving qualities of quiet fresh air and sunshine and the happiness there is in becoming acquainted in the world of nature.

The first Camp Fire Group in Mount Prospect was formed in 1927 under the leadership of Miss Bertha Ehard. Since this date many girls have enjoyed this fine organization, and at present there are twenty-one Camp Fire Girls and a group of pre-Camp Fire age girls called "Bluebirds."

On Sunday, March 16 at 4:30 p. m. at the South Church, the Okiciyapi Camp Fire group of Mount Prospect will hold a public council fire. A council fire is a very beautiful ceremony at which the girls are awarded the ranks and honors they have earned. Miss Bertha Ehard will be the guest of honor that afternoon and will give a short talk to the girls.

The following girls will be received as members at this Council Fire: Delores Worley, Joan Mors, Joan Florence, Marjorie Bennett, Marian Warner and Hope Thomas. The girls who will be awarded the first rank, that of Trail Seeker are: Patsy Johnson, Luanne Durland, Corinne Wilson, Marilyn Schlemmer, Dorothy Schlemmer and Joan La Mar. The rank of Woodgatherer, second rank and highest attained by any of the girls in the Okiciyapi group as yet, will be awarded to: Jo Ann Koester, Mary Lou Fasick, Billie Frances Trunkey and Lucia Beth Stevens.

All parents and friends are invited to attend this Council Fire and help the girls observe their birthday week.

## St. Patrick's Carnival At South Church Friday Night

The St. Patrick's Carnival at the South Church on Friday evening, March 14, is a social event open to all youth and adults of the community who desire to attend.

Plans for the party are in charge of the church social committee headed by A. W. Holmberg.

Patterned after the carnival type of event, the party furnishes a wide variety of skill-testing games and entertainment booths which should supply something interesting to do every minute of the evening for all who are present. Dart boards, bean-bag board, ring toss, golf putting range, moving pictures, museum, etc., will be included in the carnival's features.

There will be no admission charge to this social event for the members, friends and neighbors of the church. It will be conducted in the usual carnival method, with a fee of two cents for participation in each activity in order to cover the expenses of the evening. Refreshments will be served.

## *Old Gardener Says---*

Use houseplants to beautify your home! Many otherwise dull or unattractive spots can be brightened with flowering house plants, cactus, succulents, foliage plants, vines, or terrariums. Indoor gardening is anybody's sport. You needn't be an expert to join the fun. Factors vital to indoor plants are simple and few—drainage, soil, temperature and light. Control them and you'll have the triumph of fresh green life and colorful bloom.

The most difficult obstacle to overcome in growing plants successfully is the usually hot, dry atmosphere in the room in which they must live. Humidifying pans on the hot air registers or a shallow copper or pottery bowl filled with water like a small reflecting pool and placed among the houseplants will do much to eliminate this dryness.

This gardener has heard tell there will be a class for houseplants in the local flower show. Better check up on your own—they must have been in your home three months by the date of the exhibit.

## Mt. Prospect Men's Club Meeting Friday, Mar. 21

Inasmuch as everyone is vitally interested in National Defense, the next meeting of the Men's club will feature one of the most important products in use in building our country's defenses.

A "technicolor" motion picture "Steel—Man's Servant" has been secured. This film outlines, in natural color photography, the processing of steel from the ore pits to the finished product.

The commentator in the film is Edwin C. Hill, who explains the processes as they are shown.

This meeting will be Friday night, March 21, at 8 p. m. at the South Church Recreation room.

## Red Cross Meeting

Mrs. M. F. Madison, chairman American Red Cross, requests that odd or old lengths of yarn, no matter what color or weight, be given to the group to be used in the work.

The Red Cross work is sponsored by the Mt. Prospect Woman's club and a group will meet for sewing at the home of Mrs. Madison at 9:30 a. m. next Monday. Anyone interested in helping this organization is welcome to attend.

Mrs. John Work and children, Johnnie and Dolly, are moving to Texas. At present they are spending a few days in Evanston and then will drive to Fort Worth, Texas. Mr. Work is in business there and that will be their new home.

## Camp Fire Girls Hold Public Council Life

Camp Fire Girls everywhere will celebrate the 29th birthday of their organization on March 17. Twenty-nine years ago Mr. and Mrs. Luther Gulick started the first Camp Fire group because they felt there was a real need for some organization to interest growing girls. Today there are over two million Camp Fire Girls in all parts of the world.

The name Camp Fire was chosen for two reasons—because the fire on the hearth has symbolized the heart of the home since the earliest times; and because the Camp Fire suggests the out-of-doors, its beauty, the health giving qualities of quiet fresh air and sunshine and the happiness there is in becoming acquainted in the world of nature.

The first Camp Fire Group in Mount Prospect was formed in 1927 under the leadership of Miss Bertha Ehard. Since this date many girls have enjoyed this fine organization, and at present there are twenty-one Camp Fire Girls and a group of pre-Camp Fire age girls called "Bluebirds."

On Sunday, March 16 at 4:30 p. m. at the South Church, the Okiciyapi Camp Fire group of Mount Prospect will hold a public council fire. A council fire is a very beautiful ceremony at which the girls are awarded the ranks and honors they have earned. Miss Bertha Ehard will be the guest of honor that afternoon and will give a short talk to the girls.

The following girls will be received as members at this Council Fire: Delores Worley, Joan Mors, Joan Florence, Marjorie Bennett, Marian Warner and Hope Thomas. The girls who will be awarded the first rank, that of Trail Seeker are: Patsy Johnson, Luanne Durland, Corinne Wilson, Marilyn Schlemmer, Dorothy Schlemmer and Joan La Mar. The rank of Woodgatherer, second rank and highest attained by any of the girls in the Okiciyapi group as yet, will be awarded to: Jo Ann Koester, Mary Lou Fasick, Billie Frances Trunkey and Lucia Beth Stevens.

All parents and friends are invited to attend this Council Fire and help the girls observe their birthday week.

His five year experimentation, he declares, has established a relationship between colds and the temperature of the mucous membranes of the nose. The showers were found helpful in maintaining normal nose temperatures, he added.

## Albert F. Kraemer Independent Candidate For Re-election

Albert F. Kraemer, independent candidate for re-election as tax collector in Elk Grove township, is depending on the friends he has made during the past four years to return him to that office. "There is no reason," states Mr. Kraemer, "why the job of tax collector should not be considered the same as other public offices. The re-election of an official who has done a good job, is usually thought right and proper.

"I am basing my campaign on the service that I have attempted to give to the property owners and voters of Elk Grove township. I have played no favorites and have not allowed politics to creep into the handling of the office, which I consider is one of public trust.

"I will welcome the support and vote of independent voters and those who think that party lines should be kept out of township affairs."

## Albert F. Kraemer Independent Candidate For Re-election

Albert F. Kraemer, independent candidate for re-election as tax collector in Elk Grove township, is depending on the friends he has made during the past four years to return him to that office. "There is no reason," states Mr. Kraemer, "why the job of tax collector should not be considered the same as other public offices. The re-election of an official who has done a good job, is usually thought right and proper.

"I am basing my campaign on the service that I have attempted to give to the property owners and voters of Elk Grove township. I have played no favorites and have not allowed politics to creep into the handling of the office, which I consider is one of public trust.

"I will welcome the support and vote of independent voters and those who think that party lines should be kept out of township affairs."

One School Trustee to fill vacancy.

The town meeting will open in Lengl's hall, at the hour of 2 P. M., and after choosing a moderator will proceed to hear and consider reports of officers, to appropriate money to defray the necessary expenses of the township, and to deliberate and decide on such measures as may, in pursuance of law, come before the meeting.

Mr. and Mrs. A. C. Sporleder held an open house Saturday afternoon in honor of their fiftieth wedding anniversary at their farm on Roselle road, Schaumburg township, where they have made their home a greater part of their wedded life. Both of the honored couple are members of Schaumburg pioneer families. The late Wm. Sporleder, father of Albert C., came to Schaumburg in 1848. Christopher Kastning, father of Mrs. Sporleder, came to America about the same time. The Kastning and Sporleder clan are numerous and many called at the Sporleder home during the afternoon.

Mr. Sporleder has been a public official many times. Shortly after his marriage, the young couple went to Minnesota, where he served as school director, town clerk and road overseer during the few years he resided in that state. Returning to Schaumburg, Mr. Sporleder was supervisor twenty years and a director of the Schaumburg Insurance Co. thirty years. He was president part of that period.

News items for this department should be mailed not later than Monday to Arlene Nagel, publicity chairman, 804 N. Douglas St., Arlington Heights.

The Bensenville League will be host to the Zone next Sunday, the 16th, for another Cultural Activities evening. Professor H. D. Bruening, the organist at St. Luke's Chicago, will present interesting details to add to our music appreciation. He will play several recordings and then add color to that recording by explaining the circumstances under which the composition was composed and interesting bits about the composer's life. This ought to prove very interesting to each of us as everyone is a music lover at heart. I'm not promising anything, but I don't think the Leaguers out there will fail us as far as eats are concerned.

The operetta is making great headway—the individual parts have been selected and groups have been chosen, and individual rehearsals have begun. Last Friday a number of the cast went to Whiting, Indiana, to see the same operetta produced by a high school group. Many of them liked it, many of them didn't, but they all came back with ideas of what to omit in our own production and what to add.

March 29 is the day of days for two Arlington seniors—Lorraine Bublitz, the Christian Service chairman, and Dick Niemeyer, senior president—as they climax several years of team work in the League by beginning many years of team work in their personal lives. Last week Loraine Landeck, another Arlington senior, was hostess to a number of girls at a shower for Lorraine B., and Monday night the Sunday school staff had a shower for the two as they are both Sunday school teachers. We are looking forward to March 29 and hope that Mr. and Mrs. will decide to continue their teamwork in our League.

Last Friday about 50 Arlington seniors and a number of guests from other Leagues enjoyed the broadcast of "Wings of Destiny" at WENR. This Tuesday about 50 Arlington seniors and a number of guests from other leagues enjoyed the lecture and display on Old Testament history given by Professor Klinck of River Forest at River Forest.

While visiting a sick friend the other day, he gave me a copy of the OWL, the official publication of Kamma Delta Phi, a fraternity of Valpo University. I read it with much interest as it was very interestingly written when I came across the name of Bob Rehling. With much surprise I read further and noticed that he is the editor of that publication and also treasurer of the frat. Well, Bob hails from Arlington, was a member of the junior league while going to high school, and was very popular and active in high school. We knew he would make a name for himself, but we little knew we would find out about it on that particular afternoon. That just goes to prove that our Walther Leaguers have something to offer and that we're not just "stick-in-the-muds" as some prejudiced persons have been known to remark. I also understand that everybody's beloved Professor "O.P." Kretzmann thinks very highly of him. Nice going, Bob, we're proud of you. (I know you read this every week so can congratulate you through this medium). Bob, keep up the good work.

### Melrose Park Man Is Killed Monday by Hit-and-Run Driver

George Beckwitz, Melrose Park, was killed Monday night by a hit-and-run driver at the junction of Mannheim and Palmer rds. Two witnesses gave police the license number of the car which was traced to Guido De Chiaro, also of Melrose Park.

According to the story of Richard Baker, Des Plaines, one of the witnesses, he had been driving north on rte. 45 when he noticed a man in the inner lane crossing the highway. Baker swerved but heard a thud behind him. Baker and the car behind him stopped as the latter driver evidently thought he had struck the other car.

When the guilty autoist discovered the injured pedestrian he jumped into his car and sped from the scene. Baker had presence of mind to note the license number, the car being traced to De Chiaro.

# Music News And Views

by ELMER D. HERRICK

Unusual of late are the increasing numbers of adult people who are taking up music, not merely young married people, but older ones as well, even some running into the sixties. Many, if not most, of them have had very little or no musical training, but the urge is there and they really accomplish things.

After all, for most of us music is a hobby, something that gives an inner enjoyment that nothing else can touch. With modern, streamlined methods of teaching which eliminate so much of the tedious exercises of yesteryear adults are finding that it's fun to play and that no one is too old or too slow to learn. Anyone, with a modern progressive teacher, can now learn to play the instrument of his choice; perhaps not well enough for the concert stage or anything like that, but well enough to give them the satisfaction of producing music. Don't let your age or lack of musical knowledge hold you back if you want to play. Find a good teacher and surprise yourself.

Ray Gaitsch, Lyle and Melvin Boeckenhauer, an Hawaiian trio mentioned in this column recently, played for the P.-T.A. at the Prospect Heights school last Tuesday. They are one of the groups I have available to play for you if you need music for a program of any kind; just give me a ring on the phone and tell me what you want; I'll do the rest and it'll be free. And you'll like it.

Burneta Burns played at the Methodist tea last Monday and received many compliments. She enjoys her accordion a great deal and is always glad to play anywhere.

**Planned for Bankruptcy**

They tell of a borrower who applied for $50 at one of the personal loan companies. Sitting down with one of the officials, the visitor filled out several pages of questions. Finally they came to the routine question about what he proposed to do with the money. "I suppose you need it to pay small bills?" the clerk suggested. "No," said the borrower. "Possibly to pay your insurance?" "No." "For doctor or dentist bills, is it?" "No," said the borrower. "It's more important than that. I need it to take bankruptcy."

**NOTHING BUT THE TRUTH** PERMANENT WAVER **By Alexander McQueen**

One winter's morning, a century and a half ago, a royal messenger entered the shop of a young barber in Moscow, and commanded him to come to the palace, and dress the hair of her Imperial Majesty, Catherine the Great.

The delighted barber was graciously received by the Empress, and while he combed and curled and piled up her hair, he amused himself by thinking how this great honor would bring throngs of new patrons to his humble shop.

And then, something unexpected happened. Catherine found his work so satisfactory that she wouldn't let him go. She kept him in her palace for three years, locked in an iron cage; she let him out only when she needed a hair-do!

## Finding New Markets For Farmers

Henry Ford studies plastics with Robert A. Boyer, who is in charge of research in this field. Long ago the auto manufacturer visioned a new age when harvests of the fields would become raw products of industry. His first commercial success in decorative plastics was in turning soybeans into instrument board clusters. With certain other crops he has now advanced so far in structural plastics that he says he will be building a wholly plastic body within a few years—a body that will be lighter and stronger than steel. "Only door locks and hinges will be of metal," says Mr. Ford. Possibly a growing shortage of steel and the dwindling foreign markets for agriculture will hurry along the plastic car.

## Chinch Bug, Scab, Weather, Hazards Of Spring Barley

Farmers planning to seed spring barley as part of their crop adjustment program should consider the possibility of hot, dry weather when the grain is filling, the likelihood of scab disease and the probability of chinch bug damage.

This is the advice given Illinois farmers today by W. L. Burlison, head of agronomy, and G. H. Dungan, professor of crop production, University of Illinois College of Agriculture.

Although most spring barley grown in Illinois is in the northern one-third of the state, the chinch bug hazard is seldom serious in the northern three tiers of counties.

Barley does best when seeded on plowed land. Seeding it among cornstalks on disked land is a sure way to invite scab disease, especially if the weather is muggy when the grain is filling. Barley infected with scab is not fit for horse or hog feed or for malting. If corn stalks are on top of the ground in a barley field, there is nothing to prevent the spores of the fungus-causing scab from being carried in air currents to the heads of the barley, Burlison and Dungan explained.

In threshing barley for malting, it is recommended that special care should be taken to avoid breaking off the awns so close that the kernels are skinned.

Results of field-plot tests from 1927 to 1940 with different varieties of spring barley at DeKalb in northern Illinois, at Urbana in central Illinois and at Alhambra in southwestern Illinois rate the following varieties in the order of their average yield: Trebi, Wisconsin Pedigree 38, Black Barbless, Silver King, Ioglos, Spartan, Glabron, Velvet, Manchuria, New Era Hull-less and Wisconsin Pedigree 5.

From the standpoint of quality and yield of grain, Wisconsin Pedigree 38 is the variety best adapted to Illinois. Sometimes called Wisconsin Barbless, this variety is a smooth-bearded, six-rowed barley, somewhat later maturing than most varieties, although it heads about the same time as others. It is moderately weak-strawed, but its grain scores fairly high in malting tests.

Persons not equipped to treat their barley seed with the new improved chemical may find that Wisconsin Pedigree 38 has advantages over other varieties, since it is highly resistant to the stripe disease and apparently is above average in resistance to smut.

State AAA officials at Decatur explain that seeding spring barley is another way of making use of extra permitted soil-depleting acres that ordinarily might be put in corn. In the area where spring barley is grown, corn acreage has been reduced more drastically than soil-depleting acreage. Seeding of spring barley enables AAA cooperators to get a good feed crop for their livestock, usually with less soil erosion resulting than when corn is grown, they said.

Spring barley is usually seeded in central Illinois during March, the average date at the experiment station being March 15, at the rate of about eight pecks to the acre.

**Took Register Too**

You've often heard the expression, "he walked off with everything but the cash register," — well, Bruce Earns, filling-station attendant in New Orleans, couldn't say that to police when he reported a theft. A thief walked off with the register, containing $91.17, while he dozed off.

# World Conditions Make A.A.A. Necessary To Protect Farmers

Rapidly changing world and national conditions make participation in the AAA program vitally important to Cook county farmers in 1941, Henry D. Gewecke, members of the Cook County Agricultural Conservation Association, warns.

He issued this statement in connection with the 1941 signup campaign now under way. Community AAA committeemen have been meeting with farmers throughout the county to secure voluntary signatures on the farm plant indicating the farmers' intention to participate.

Allotments which have been set up by AAA community committeemen represent what farmers can profitably raise without damage to their soil, Mr. Gewecke explained. They have been based on farm crop needs for home and export use.

He added that with a corn marketing quota referendum in fall, it is especially advisable for farmers to participate in the 1941 farm program. Farmers staying within their allotments would not be penalized under the marketing quota system.

The loss of foreign markets and good crops in the past few years have caused the need for even more effective crop adjustment than in the past, the county AAA chairman declared. Every farmer who stays out of the farm program hurts its effectiveness.

For further information or to sign up with the 1941 AAA program, farmers can call at the county agricultural conservation association office at Arlington Heights, or see their county or community AAA committeemen.

## College Boy Sets Style in Clothes for Dad Back Home

Pace setters for men's styles in clothing are usually the younger men, with the fathers following suit, according to Mrs. June Foster, assistant in home economics, University of Illinois College of Agriculture.

This year collegiate stores are displaying top coats which are much shorter in length and with slightly puffed sleeves. Set-in sleeves have taken the place of the raglan style sleeve. Cavalry cord, a tightly woven material used in cavalry uniforms, is in demand for topcoats and slack suits. As for hats, the telescope crown is the newest fashion. Wider brims bound in gabardine, grosgrain or the same felt are being seen.

Going out of style are the double-breasted and action back suits, according to clothiers who service college students. Very much in style for men's suits is covert cloth, the English fabric originally used for riding habits because it is so firm. This material will probably continue in favor for the next four years, for men's fashions do not shift as quickly as women's fashions, Mrs. Foster said.

In shirts, oxford cloth is the fabric to note, she said. It is a much heavier cloth which has practically replaced the old stand-by, broadcloth. It may be either the very popular stripe, a solid color or a mixture produced by using yarns of different colors. The tab collar which has a little flap on the under side of each point which buttons to one tiny button under the tie, is in high favor among those men who are always misplacing their collar pins.

Franch cuffs, that is, a double cuff held together by links, will never quite come into complete favor among the younger generation because mothers who do the family laundering do not like to starch and iron this type of cuff, predicted Mrs. Foster.

In the tie line, knitted ties are to a clothing store what sugar is to the grocery store. Sooner or later son or father purchases a knitted tie. Incidentally, for best appearance, knitted ties should be folded and laid in a drawer instead of hung on a tie rack where they stretch out of shape.

Socks offer the same variety to men that costume jewelry does to women. Along with a wide selection in materials, there is an ever-changing style varying from the recently popular, round-the-leg stripes to the colorful argyle plaids. Ribbed hose are a general favorite because they fit so well. Solid colors with or without clocks are old standbys for conservative use. In shoes, the color known as "antique" or "bootmaker's finish," implying the soft, neutral color of the old unfinished leather, takes up 95 per cent of the shoe trade. It comes in sporty moccasins, crepe soles or dressy wing-tips and goes well with any color suit.

A word to the wise for mothers and girl friends is not to continually choose blue sweaters for husbands and sweethearts. Blue is not so popular with men nor so harmonious with their clothes as it is with women. Ninety per cent of the sweaters on the shelves are beige, Mrs. Foster said.

## Protect Tile Outlet To Keep The Gully Away

With spring rains soon to start, tile drainage outlets which are unprotected will be in danger of washing out and forming gullies in fields, it was pointed out today by E. W. Lehmann, head of the University of Illinois College of Agriculture engineering department.

If precautions are not taken with tile outlets, ditch banks cave in and stop up the end of the tile, ditches fill up with silt, effectiveness or drainage is reduced and there is a loss of soil that can't be replaced, he said.

The first step in correcting bad outlets is a careful inspection of drainage conditions. Since outlets usually fail before damaging effects are noticeable, bad outlets should be corrected before poor drainage shows up in the form of wet spots in the field or blowouts some distance from the outlet. If this latter stage has been reached, tile lines may have to be replaced, in addition to the job of clearing the outlet.

If the outlet tile is above the normal water line in the ditch, the trouble may be corrected without cleaning out the ditch. On the other hand, if the ditch has silted even with, or above, the tile, cleaning is essential to make the tile function effectively.

Corrugated iron pipe may be used for outlet protection where surface runoff is not involved. "Install it carefully and protect it from erosion with broken stone or similar material. Extending the pipe out several feet from the bank is recommended," Lehmann said.

Permanent structures of masonry or concrete are used where runoff is a problem, but these structures must be carefully designed to take care of requirements of a particular nature.

In Circular No. 493, "Farm Drainage—Its Maintenance and Construction," which may be obtained free from the college or local farm advisers, information may be found on the design and construction of such an outlet.

## Still Plenty of Trees Available To Plant in 1941

While there's still a chance to get tree-planting payments under the 1941 AAA farm program, J. E. Davis, extension forester of the University of Illinois College of Agriculture and State Natural History Survey, urges Illinois farmers to take advantage of the plentiful supply of good trees available from state nurseries.

Davis explained that Illinois has about three million acres of idle land suited only for forest growth. Most of this is on farms in eroded areas, poor land or out-of-the-way unworkable corners. Soil erosion has caused more idle land in Illinois than any other single factor, but most of these eroded areas will still grow trees, although they may be too far gone to grow any other crop. Trees have been found to provide the most complete vegetative cover for the control of soil erosion.

A further incentive to plant trees is the special allowance of $15 a farm which the 1941 AAA program allows cooperators for tree planting. This payment is in addition to the regular soil building allowance and can be earned in no way except by planting trees. The $15 payment is made on the basis of $7.50 an acre and allows for planting two acres. Any farmer who wants to plant more than two acres of trees may have the additional acreage charged against his regular soil building allowance.

**Candy Production**

Candy production in the United States is in excess of 2,000,000,000 pounds annually and is valued at more than $300,000,000. The annual per capita consumption is almost 16 pounds for each person. Illinois, New York, Pennsylvania and Massachusetts are the principal producing states.

## Finding New Markets For Farmers

Henry Ford studies plastics with Robert A. Boyer, who is in charge of research in this field. Long ago the auto manufacturer visioned a new age when harvests of the fields would become raw products of industry. His first commercial success in decorative plastics was in turning soybeans into instrument board clusters. With certain other crops he has now advanced so far in structural plastics that he says he will be building a wholly plastic body within a few years—a body that will be lighter and stronger than steel. "Only door locks and hinges will be of metal," says Mr. Ford. Possibly a growing shortage of steel and the dwindling foreign markets for agriculture will hurry along the plastic car.

## Chinch Bug, Scab, Weather, Hazards Of Spring Barley

Farmers planning to seed spring barley as part of their crop adjustment program should consider the possibility of hot, dry weather when the grain is filling, the likelihood of scab disease and the probability of chinch bug damage.

This is the advice given Illinois farmers today by W. L. Burlison, head of agronomy, and G. H. Dungan, professor of crop production, University of Illinois College of Agriculture.

Although most spring barley grown in Illinois is in the northern one-third of the state, the chinch bug hazard is seldom serious in the northern three tiers of counties.

Barley does best when seeded on plowed land. Seeding it among cornstalks on disked land is a sure way to invite scab disease, especially if the weather is muggy when the grain is filling. Barley infected with scab is not fit for horse or hog feed or for malting. If corn stalks are on top of the ground in a barley field, there is nothing to prevent the spores of the fungus-causing scab from being carried in air currents to the heads of the barley, Burlison and Dungan explained.

In threshing barley for malting, it is recommended that special care should be taken to avoid breaking off the awns so close that the kernels are skinned.

Results of field-plot tests from 1927 to 1940 with different varieties of spring barley at DeKalb in northern Illinois, at Urbana in central Illinois and at Alhambra in southwestern Illinois rate the following varieties in the order of their average yield: Trebi, Wisconsin Pedigree 38, Black Barbless, Silver King,Ioglos, Spartan, Glabron, Velvet, Manchuria, New Era Hull-less and Wisconsin Pedigree 5.

From the standpoint of quality and yield of grain, Wisconsin Pedigree 38 is the variety best adapted to Illinois. Sometimes called Wisconsin Barbless, this variety is a smooth-bearded, six-rowed barley, somewhat later maturing than most varieties, although it heads about the same time as others. It is moderately weak-strawed, but its grain scores fairly high in malting tests.

Persons not equipped to treat their barley seed with the new improved chemical may find that Wisconsin Pedigree 38 has advantages over other varieties, since it is highly resistant to the stripe disease and apparently is above average in resistance to smut.

State AAA officials at Decatur explain that seeding spring barley is another way of making use of extra permitted soil-depleting acres that ordinarily might be put in corn. In the area where spring barley is grown, corn acreage has been reduced more drastically than soil-depleting acreage. Seeding of spring barley enables AAA cooperators to get a good feed crop for their livestock, usually with less soil erosion resulting than when corn is grown, they said.

Spring barley is usually seeded in central Illinois during March, the average date at the experiment station being March 15, at the rate of about eight pecks to the acre.

**Took Register Too**

You've often heard the expression, "he walked off with everything but the cash register," — well, Bruce Earns, filling-station attendant in New Orleans, couldn't say that to police when he reported a theft. A thief walked off with the register, containing $91.17, while he dozed off.

# World Conditions Make A.A.A. Necessary To Protect Farmers

## College Boy Sets Style in Clothes for Dad Back Home

Pace setters for men's styles in clothing are usually the younger men, with the fathers following suit, according to Mrs. June Foster, assistant in home economics, University of Illinois College of Agriculture.

This year collegiate stores are displaying top coats which are much shorter in length and with slightly puffed sleeves. Set-in sleeves have taken the place of the raglan style sleeve. Cavalry cord, a tightly woven material used in cavalry uniforms, is in demand for topcoats and slack suits. As for hats, the telescope crown is the newest fashion. Wider brims bound in gabardine, grosgrain or the same felt are being seen.

Going out of style are the double-breasted and action back suits, according to clothiers who service college students. Very much in style for men's suits is covert cloth, the English fabric originally used for riding habits because it is so firm. This material will probably continue in favor for the next four years, for men's fashions do not shift as quickly as women's fashions, Mrs. Foster said.

In shirts, oxford cloth is the fabric to note, she said. It is a much heavier cloth which has practically replaced the old stand-by, broadcloth. It may be either the very popular stripe, a solid color or a mixture produced by using yarns of different colors. The tab collar which has a little flap on the under side of each point which buttons to one tiny button under the tie, is in high favor among those men who are always misplacing their collar pins.

Franch cuffs, that is, a double cuff held together by links, will never quite come into complete favor among the younger generation because mothers who do the family laundering do not like to starch and iron this type of cuff, predicted Mrs. Foster.

In the tie line, knitted ties are to a clothing store what sugar is to the grocery store. Sooner or later son or father purchases a knitted tie. Incidentally, for best appearance, knitted ties should be folded and laid in a drawer instead of hung on a tie rack where they stretch out of shape.

Socks offer the same variety to men that costume jewelry does to women. Along with a wide selection in materials, there is an ever-changing style varying from the recently popular, round-the-leg stripes to the colorful argyle plaids. Ribbed hose are a general favorite because they fit so well. Solid colors with or without clocks are old standbys for conservative use. In shoes, the color known as "antique" or "bootmaker's finish," implying the soft, neutral color of the old unfinished leather, takes up 95 per cent of the shoe trade. It comes in sporty moccasins, crepe soles or dressy wing-tips and goes well with any color suit.

A word to the wise for mothers and girl friends is not to continually choose blue sweaters for husbands and sweethearts. Blue is not so popular with men nor so harmonious with their clothes as it is with women. Ninety per cent of the sweaters on the shelves are beige, Mrs. Foster said.

## Protect Tile Outlet To Keep The Gully Away

With spring rains soon to start, tile drainage outlets which are unprotected will be in danger of washing out and forming gullies in fields, it was pointed out today by E. W. Lehmann, head of the University of Illinois College of Agriculture engineering department.

If precautions are not taken with tile outlets, ditch banks cave in and stop up the end of the tile, ditches fill up with silt, effectiveness or drainage is reduced and there is a loss of soil that can't be replaced, he said.

The first step in correcting bad outlets is a careful inspection of drainage conditions. Since outlets usually fail before damaging effects are noticeable, bad outlets should be corrected before poor drainage shows up in the form of wet spots in the field or blowouts some distance from the outlet. If this latter stage has been reached, tile lines may have to be replaced, in addition to the job of clearing the outlet.

If the outlet tile is above the normal water line in the ditch, the trouble may be corrected without cleaning out the ditch. On the other hand, if the ditch has silted even with, or above, the tile, cleaning is essential to make the tile function effectively.

Corrugated iron pipe may be used for outlet protection where surface runoff is not involved. "Install it carefully and protect it from erosion with broken stone or similar material. Extending the pipe out several feet from the bank is recommended," Lehmann said.

Permanent structures of masonry or concrete are used where runoff is a problem, but these structures must be carefully designed to take care of requirements of a particular nature.

In Circular No. 493, "Farm Drainage—Its Maintenance and Construction," which may be obtained free from the college or local farm advisers, information may be found on the design and construction of such an outlet.

## Still Plenty of Trees Available To Plant in 1941

While there's still a chance to get tree-planting payments under the 1941 AAA farm program, J. E. Davis, extension forester of the University of Illinois College of Agriculture and State Natural History Survey, urges Illinois farmers to take advantage of the plentiful supply of good trees available from state nurseries.

Davis explained that Illinois has about three million acres of idle land suited only for forest growth. Most of this is on farms in eroded areas, poor land or out-of-the-way unworkable corners. Soil erosion has caused more idle land in Illinois than any other single factor, but most of these eroded areas will still grow trees, although they may be too far gone to grow any other crop. Trees have been found to provide the most complete vegetative cover for the control of soil erosion.

A further incentive to plant trees is the special allowance of $15 a farm which the 1941 AAA program allows cooperators for tree planting. This payment is in addition to the regular soil building allowance and can be earned in no way except by planting trees. The $15 payment is made on the basis of $7.50 an acre and allows for planting two acres. Any farmer who wants to plant more than two acres of trees may have the additional acreage charged against his regular soil building allowance.

**Candy Production**

Candy production in the United States is in excess of 2,000,000,000 pounds annually and is valued at more than $300,000,000. The annual per capita consumption is almost 16 pounds for each person. Illinois, New York, Pennsylvania and Massachusetts are the principal producing states.

Rapidly changing world and national conditions make participation in the AAA program vitally important to Cook county farmers in 1941, Henry D. Gewecke, members of the Cook County Agricultural Conservation Association, warns.

He issued this statement in connection with the 1941 signup campaign now under way. Community AAA committeemen have been meeting with farmers throughout the county to secure voluntary signatures on the farm plant indicating the farmers' intention to participate.

Allotments which have been set up by AAA community committeemen represent what farmers can profitably raise without damage to their soil, Mr. Gewecke explained. They have been based on farm crop needs for home and export use.

He added that with a corn marketing quota referendum in fall, it is especially advisable for farmers to participate in the 1941 farm program. Farmers staying within their allotments would not be penalized under the marketing quota system.

The loss of foreign markets and good crops in the past few years have caused the need for even more effective crop adjustment than in the past, the county AAA chairman declared. Every farmer who stays out of the farm program hurts its effectiveness.

For further information or to sign up with the 1941 AAA program, farmers can call at the county agricultural conservation association office at Arlington Heights, or see their county or community AAA committeemen.

EUCLID LAWN CEMETERY, a corporation not conducted for profit, announce that for the past 5 years they have been selling lots in the Lutheran sections and in the non-sectarian section Number 8 opposite the entrance at prices much below those asked in other cemeteries in our vicinity.

We have advertised that there would be an increased price in the near future. We have now fixed a definite time when these new prices will take place. On and after June 16th, 1941, the prices will be very materially increased.

This announcement is made to enable those persons who have been putting off the purchase of lots in these sections and to purchase at the present low prices.

*Positively no assessments of any kind. The purchase price includes the perpetual care of the lot.*

Terms can be made to suit your convenience without any interest whatever.

Office open Saturday and Sunday afternoons.

# Military And Naval Aviation Opportunities

**Submitted by PAUL CARROLL, Commander of Merle Guild Post**

The manufacturing plants of this country are under forced draught in turning out military planes. The call on the manufacturers was imperative and it was and is difficult to move the planes out as fast as the country would like. However, they will be valueless without pilots to fly them. The Army and the Navy foresees this. Each service has set up an excellent training program. But that will all be to naught unless student material is fed into the hopper in a continuous stream. Thousands of candidates per month, and every month for the coming year and beyond, are required.

Listed below are copies of "The U. S. Army Flying Cadets" and "The U. S. Navy's Flight Training Offer" as obtained directly from the two services, and correct in accordance with their desires.

**The U. S. Army Flying Cadets**

Requirements:

Candidates for appointment as Flying Cadet, U. S. Army Air Corps must be unmarried male citizens of the United States who have reached their 20th, but have not reached their 27th birthday. They must have completed satisfactorily two years work at an accredited college or university or must pass a written examination instead. Applicants must be of excellent character, of sound physique, and in excellent health.

Advantages of Training:

Flying Cadets are given aviation training second to none. The Army's aviation schools train cadets so that upon graduation they are qualified pilots and have acquired a profession which assures their future either in the Army or in civil life. Training is free. Cadets are paid $75.00 a month salary together with food, lodging, clothes, medical and dental care. Graduates are commissioned Second Lieutenants in the Air Corps Reserve.

**The U. S. Navy's Flight Training Offer**

The Navy is now engaged in an expansion program which is expected to increase the aeronautical organization to a strength of 15,000 airplanes by 1944.

To man these airplanes, thousands of young aviation candidates are needed. It is estimated that 1200 eligible young men must be inducted into primary flight training centers each month, and that this rate will be reached by June, 1941.

The Navy offers to properly qualified young men, the most complete and comprehensive flight and ground school training that is available. Not only is this course a valuable one, its worth being conservatively estimated at $20,000.00, but the candidate is well paid throughout the training program.

Briefly, the emolument is approximately $100.00 per month, for about nine months, while undergoing training, and jumps to better than $200.00 monthly after this period, while serving as a commissioned officer of the Naval Reserves with one of the Navy's Fleet Aviation Squadrons.

The Naval Reserve Aviator upon completion of this valuable course finds a ready entry into the expanding and lucrative field of commercial aviation or under current legislation may apply for transfer of his commission from the Naval Reserve to the Regular Navy.

Qualifications of applicants are: Be an unmarried male citizen of the U. S. between the ages of 20 and 26 years, 6 months. Be sound mentally, morally and physically. Possess at least one-half of the credits required for a college degree, or be a graduate of a junior college.

Application for this training may be made at the new post office building in Chicago for the Army or at the Naval Reserve Army building at Randolph st. and the lake.

**Hungarian Certificate**

A relic of a foreign loan of 100 years ago, acquired by Dr. James Taggart has been presented to the Dallas, Texas, Historical society. Certificates similar to that one were apparently sold to raise money for a revolution in Hungary, in the region around Illinois, at the time Abe Lincoln was getting his fingers deep into politics. The certificate promises to pay, a year after the establishment of an independent Hungarian government, a dollar to the bearer at New York or London, or to accept the certificate as payment on government securities.

## Restudy Bible Teaching Concerning War, Dr. Maier Admonishes

Scoring both the extremes of pacifism and militarism, Dr. Walter A. Maier, professor of the Old Testament interpretation and history at Concordia Seminary, pleaded for "a restudy of the bible teachings concerning war," in his coast-to-coast Lutheran Hour broadcast Sunday. He announced the addition of a number of Central and South American stations to the list of those now broadcasting the Lutheran Hour.

Dr. Maier asserted that all war, whether justified or not, must be regarded as an affliction because of its destruction of lives, the hardships it imposes on the masses, its moral degradation and the hostility to religion which it promotes.

"There are just wars, however," the noted theologian said, "particularly those fought against invaders in defense of the country. At such times Christians should give full allegiance and willing obedience to properly constituted governmental authorities, and citizens must be ready to engage in military service." Asking considerate treatment for honest conscientious objectors, he emphasized that Christian duty does not embrace obedience to any war which can clearly be proved unjust and aggressive.

Dr. Maier emphasized that the gospel of Jesus Christ strives for peace and international understanding. Pointing to the incident in the Garden of Gethsemane when Jesus forbade the use of the sword in the defense of the church, the radio spaker asserted that Christ's realm is not of this earth and cannot, therefore, be extended by earthly means. All attempts to use earthly force in spreading Christianity, whether they be crusades, religious wars, or the concentration of power and privilege in special religious groups, are against the spirit of Christ and detrimental to the spreading of His message.

The world today needs a new edition of Christ's sermon on the mount, he added, with a practical, 1941 commentary on that inspired program of blessed peace. "Only by steadfast preaching of the biblical Christ as the world's Saviour, and the rebirth that comes through His Gospel, can the ideals of concord between God and man and harmony between men of different races and classes be established.

## Bishop Waldorf To Speak at Methodist Rally

Bishop Ernest Lynn Waldorf, head of the Chicago Area of the Methodist Church, will be the speaker at a leadership rally for Chicagoland Methodists to be held in the Stevens Hotel, at 3 o'clock, Sunday afternoon.

Official board members and pastors of 250 Methodist churches in Cook County and environs are invited to the rally at which the Rev. A. T. Stephenson, of Evanston, superintendent of the Chicago Northern district, will preside.

Others who will take part in the rally program include Rev. Aubrey S. Moore, Superintendent Chicago Home Missionary and Church Extension Society; Rev. Charles Drake Skinner, superintendent of the H Joliet-Dixon district; Rev. John M. Schneider, of Oak Park, superintendent of the Chicago Western district; Rev. C. A. Bloomquist, 6031 Kimbark avenue, superintendent of the Chicago Southern district, and President Horace G. Smith and Prof. Dean McSloy, of Garrett Biblical Institute, Evanston.

A massed choir of a hundred voices will sing several special anthems.

**Hair From Chinese**

Several cottonseed oil mills in the South still use the coarse hair of Chinese women to weave the mats through which the oil is separated from the seeds after they have been mashed by hydraulic process, says Collier's. One large mill in Memphis purchases 2,000 heads of such hair a month for this purpose.

**Amiable Child Monument**

A monument erected to an amiable child is a stone marking the grave of St. Clair Pollock, near Grant's tomb on Riverside drive, New York, with the inscription, "Erected to the memory of an amiable child." The boy died on July 15, 1797, at the age of five.

# NEWS OF SPRINGFIELD

by
**Bernice T. Van der Vries**
**Representative, 7th District**
**General Assembly of Illinois**

**Investigations**

The General Assembly is now beginning to hum with activity. Committee hearings are held on Tuesdays and Wednesdays. Regular sessions of the House are held on Tuesdays, Wednesdays and Thursdays. The Senate which is one-third the size of the House does not hold as many regular sessions.

Numerous investigations are under way, the most pretentious being that of the Governor's Tax committee which held its first meeting on Thursday. The committee headed by Representative Swanson and composed of seven members with Representative Sprague as one is working on the tax delinquency problems of Cook county at weekly meetings in Chicago.

**Investigate Relief**

A relief investigation has been started and last week a committee composed of Senate and House members was set up to look into the Civil Service administration.

In the Executive committee of the House, to which all resolutions are referred, there are several resolutions for other investigations awaiting action of the committee.

About three hundred bills have been introduced in the House and nearly two hundred in the Senate. Very few are appropriation measures as the Governor has requested that action on appropriations be delayed until the budget is prepared. The Budgetary commission is working three nights a week until early morning in an effort to reduce requests for appropriations within the anticipated income of the state. One member of the commission reported that requests for funds exceeded up to last week the anticipated revenue by $500,000,000. It is fairly safe to assume that many of these requests are from persons or groups who at the same time want reduction of taxes.

Activities of the Senator and Representatives in the Seventh district can best be described by listing the bills which they have introduced to date.

Senator Bidwill:

License and regulations of architects, S. B. 35, 120.

Commission for mentally handicapped children, S. B. 20.

Deputies may be employed for election registration, S. B. 36.

Validation of firemen's salaries S. B. 65.

Notice of Fire protection districts organization S. B. 153.

Publication of personal property tax assessment lists S. B. 117.

Validation of police salaries S. B. 64.

Village elections S. B. 28 (Passed).

Representative Sprague:

Highway authority created to construct roads H. B. 69.

Neighborhood redevelopment corporations established H. B. 179.

Levy of School taxes H. B. 256.

Representative Van der Vries:

Beauty Culture license and regulation H. B. 259.

Law revised concerning mentally ill persons H. B. 217.

Park Public Benefit tax authorized H. B. 219.

School tax proceeds transferable between building and educational funds H. B. 218.

**Extra-Curricular Activities**

Representatives McGrath, Sprague and Van der Vries conferred with state highway officials regarding traffic problems at Congress Park and River Grove.

Representative Van der Vries attended a Midwestern Conference on National Defense on Friday at the Stevens hotel in Chicago. Mrs. Van der Vries represented the Illinois Commission on Inter-Governmental Cooperation of which she is chairman.

# Military And Naval Aviation Opportunities

**Submitted by PAUL CARROLL, Commander of Merle Guild Post**

The manufacturing plants of this country are under forced draught in turning out military planes. The call on the manufacturers was imperative and it was and is difficult to move the planes out as fast as the country would like. However, they will be valueless without pilots to fly them. The Army and the Navy foresees this. Eacn service has set up an excellent training program. But that will all be to naught unless student material is fed into the hopper in a continuous stream. Thousands of candidates per month, and every month for the coming year and beyond, are required.

Listed below are copies of "The U. S. Army Flying Cadets" and "The U. S. Navy's Flight Training Offer" as obtained directly from the two services, and correct in accordance with their desires.

**The U. S. Army Flying Cadets**

Requirements:

Candidates for appointment as Flying Cadet, U. S. Army Air Corps must be unmarried male citizens of the United States who have reached their 20th, but have not reached their 27th birthday. They must have completed satisfactorily two years work at an accredited college or university or must pass a written examination instead. Applicants must be of excellent character, of sound physique, and in excellent health.

Advantages of Training:

Flying Cadets are given aviation training second to none. The Army's aviation schools train cadets so that upon graduation they are qualified pilots and have acquired a profession which assures tneir future either in the Army or in civil life. Training is free. Cadets are paid $75.00 a month salary together with food, lodging, clothes, medical and dental care. Graduates are commissioned Second Lieutenants in the Air Corps Reserve.

**The U. S. Navy's Flight Training Offer**

The Navy is now engaged in an expansion program which is expected to increase the aeronautical organization to a strength of 15,000 airplanes by 1944.

To man these airplanes, thousands of young aviation candidates are needed. It is estimated that 1200 eligible young men must be inducted into primary flight training centers each month, and that this rate will be reached by June, 1941.

The Navy offers to properly qualified young men, the most complete and comprehensive flight and ground school training that is available. Not only is this course a valuable one, its worth being conservatively estimated at $20,000.00, but the candidate is well paid throughout the training program.

Briefly, the emolument is approximately $100.00 per month, for about nine months, while undergoing training, and jumps to better than $200.00 monthly after this period, while serving as a commissioned officer of the Naval Reserves with one of the Navy's Fleet Aviation Squadrons.

The Naval Reserve Aviator upon completion of this valuable course finds a ready entry into the expanding and lucrative field of commercial aviation or under current legislation may apply for transfer of his commission from the Naval Reserve to the Regular Navy.

Qualifications of applicants are: Be an unmarried male citizen of the U. S. between the ages of 20 and 26 years, 6 months. Be sound mentally, morally and physically. Possess at least one-half of the credits required for a college degree, or be a graduate of a junior college.

Application for this training may be made at the new post office building in Chicago for the Army or at the Naval Reserve Army building at Randolph st. and the lake.

**Hungarian Certificate**

A relic of a foreign loan of 100 years ago, acquired by Dr. James Taggart has been presented to the Dallas, Texas, Historical society. Certificates similar to that one were apparently sold to raise money for a revolution in Hungary, in the region around Illinois, at the time Abe Lincoln was getting his fingers deep into politics. The certificate promises to pay, a year after the establishment of an independent Hungarian government, a dollar to the bearer at New York or London, or to accept the certificate as payment on government securities.

## Restudy Bible Teaching Concerning War, Dr. Maier Admonishes

Scoring both the extremes of pacifism and militarism, Dr. Walter A. Maier, professor of the Old Testament interpretation and history at Concordia Seminary, pleaded for "a restudy of the bible teachings concerning war," in his coast-to-coast Lutheran Hour broadcast Sunday. He announced the addition of a number of Central and South American stations to the list of those now broadcasting the Lutheran Hour.

Dr. Maier asserted that all war, whether justified or not, must be regarded as an affliction because of its destruction of lives, the hardships it imposes on the masses, its moral degradation and the hostility to religion which it promotes.

"There are just wars, however," the noted theologian said, "particularly those fought against invaders in defense of the country. At such times Christians should give full allegiance and willing obedience to properly constituted governmental authorities, and citizens must be ready to engage in military service." Asking considerate treatment for honest conscientious objectors, he emphasized that Christian duty does not embrace obedience to any war which can clearly be proved unjust and aggressive.

Dr. Maier emphasized that the gospel of Jesus Christ strives for peace and international understanding. Pointing to the incident in the Garden of Gethsemane when Jesus forbade the use of the sword in the defense of the church, the radio spaker asserted that Christ's realm is not of this earth and cannot, therefore, be extended by earthly means. All attempts to use earthly force in spreading Christianity, whether they be crusades, religious wars, or the concentration of power and privilege in special religious groups, are against the spirit of Christ and detrimental to the spreading of His message.

The world today needs a new edition of Christ's sermon on the mount, he added, with a practical, 1941 commentary on that inspired program of blessed peace. "Only by steadfast preaching of the biblical Christ as the world's Saviour, and the rebirth that comes through His Gospel, can the ideals of concord between God and man and harmony between men of different races and classes be established.

## Bishop Waldorf To Speak at Methodist Rally

Bishop Ernest Lynn Waldorf, head of the Chicago Area of the Methodist Church, will be the speaker at a leadership rally for Chicagoland Methodists to be held in the Stevens Hotel, at 3 o'clock, Sunday afternoon.

Official board members and pastors of 250 Methodist churches in Cook County and environs are invited to the rally at which the Rev. A. T. Stephenson, of Evanston, superintendent of the Chicago Northern district, will preside.

Others who will take part in the rally program include Rev. Aubrey S. Moore, Superintendent Chicago Home Missionary and Church Extension Society; Rev. Charles Drake Skinner, superintendent of the H Joliet-Dixon district; Rev. John M. Schneider, of Oak Park, superintendent of the Chicago Western district; Rev. C. A. Bloomquist, 6031 Kimbark avenue, superintendent of the Chicago Southern district, and President Horace G. Smith and Prof. Dean McSloy, of Garrett Biblical Institute, Evanston.

A massed choir of a hundred voices will sing several special anthems.

**Hair From Chinese**

Several cottonseed oil mills in the South still use the coarse hair of Chinese women to weave the mats through which the oil is separated from the seeds after they have been mashed by hydraulic process, says Collier's. One large mill in Memphis purchases 2,000 heads of such hair a month for this purpose.

**Amiable Child Monument**

A monument erected to an amiable child is a stone marking the grave of St. Clair Pollock, near Grant's tomb on Riverside drive, New York, with the inscription, "Erected to the memory of an amiable child." The boy died on July 15, 1797, at the age of five.

# NEWS OF SPRINGFIELD

by
**Bernice T. Van der Vries**
**Representative, 7th District**
**General Assembly of Illinois**

**Investigations**

The General Assembly is now beginning to hum with activity. Committee hearings are held on Tuesdays and Wednesdays. Regular sessions of the House are held on Tuesdays, Wednesdays and Thursdays. The Senate which is one-third the size of the House does not hold as many regular sessions.

Numerous investigations are under way, the most pretentious being that of the Governor's Tax committee which held its first meeting on Thursday. The committee headed by Representative Swanson and composed of seven members with Representative Sprague as one is working on the tax delinquency problems of Cook county at weekly meetings in Chicago.

**Investigate Relief**

A relief investigation has been started and last week a committee composed of Senate and House members was set up to look into the Civil Service administration.

In the Executive committee of the House, to which all resolutions are referred, there are several resolutions for other investigations awaiting action of the committee.

About three hundred bills have been introduced in the House and nearly two hundred in the Senate. Very few are appropriation measures as the Governor has requested that action on appropriations be delayed until the budget is prepared. The Budgetary commission is working three nights a week until early morning in an effort to reduce requests for appropriations within the anticipated income of the state. One member of the commission reported that requests for funds exceeded up to last week the anticipated revenue by $500,000,000. It is fairly safe to assume that many of these requests are from persons or groups who at the same time want reduction of taxes.

Activities of the Senator and Representatives in the Seventh district can best be described by listing the bills which they have introduced to date.

Senator Bidwill:

License and regulations of architects, S. B. 35, 120.

Commission for mentally handicapped children, S. B. 20.

Deputies may be employed for election registration, S. B. 36.

Validation of firemen's salaries S. B. 65.

Notice of Fire protection districts organization S. B. 153.

Publication of personal property tax assessment lists S. B. 117.

Validation of police salaries S. B. 64.

Village elections S. B. 28 (Passed).

Representative Sprague:

Highway authority created to construct roads H. B. 69.

Neighborhood redevelopment corporations established H. B. 179.

Levy of School taxes H. B. 256.

Representative Van der Vries:

Beauty Culture license and regulation H. B. 259.

Law revised concerning mentally ill persons H. B. 217.

Park Public Benefit tax authorized H. B. 219.

School tax proceeds transferable between building and educational funds H. B. 218.

**Extra-Curricular Activities**

Representatives McGrath, Sprague and Van der Vries conferred with state highway officials regarding traffic problems at Congress Park and River Grove.

Representative Van der Vries attended a Midwestern Conference on National Defense on Friday at the Stevens hotel in Chicago. Mrs. Van der Vries represented the Illinois Commission on Inter-Governmental Cooperation of which she is chairman.

Liens for the Service of Stallions and Jacks—In 1917 the Illinois legislature passed a law providing that " . . . every owner of any licensed stallion or jack kept for public service . . . shall have a lien on the mare or jennet for the service fee. . ."

These facts about this lien are important:

1. The lien will not attach unless the stallion or jack is licensed by the State Department of Agriculture.

2. The service must have been requested by the owner of the dam or by his agent.

3. The lien is not effective unless, within 24 months after service, a claim of lien, in writing and under oath, is filed with the county recorder of the county in which the dam is located.

4. A recorded claim of lien for service takes precedence over all other liens or claims not previously recorded.

The claim for lien must state:

1. The name and residence of the person claiming.

2. The name of the owner or reputed owner of the dam or progeny, or both, and a description of such animals sufficient for identification.

3. The amount due for service.

A claim for lien expires if it is not enforced within 30 months after the date of service.

The lien may be enforced by foreclosure before a Justice of the Peace. If the service fee is not paid, an execution is issued and the animal or animals subject to the lien may be sold at public sale to the highest bidder. The service fee, filing and other fees and costs are taken out and the balance, if any remitted to the owner. Animals sold under this lien law may be redeemed by the owner within 30 days after sale by paying to the proper parties the amount of the judgment with 5 per cent interest, together with all costs, expenses and the keep of the animal from the day of sale to the time of redemption.

Provisions of this law are in the Illinois Revised Statutes, chapter 8, sections 51-61.

---

Registration of Stallions and Jacks — Illinois law provides that ". . . every person, firm or corporation standing or offering any stallion or jack for public service in this State shall cause the name, description and age, and in the case of a purebred animal the pedigree, of such stallion or jack to be enrolled by the State Department of Agriculture, and secure a license from the department . . ."

To obtain a license certificate the owner of a stallion or jack must:

1. Forward an application and the required fee of $2 to the State Department of Agriculture.

2. Submit an affidavit to the effect that the stallion or jack is free from hereditary, infectious or contagious diseases or unsoundnesses; or in the case of unsoundness specify such in the affidavit.

3. In case a purebred certificate is being requested, submit the stud book certificate of registry, transfers and other papers necessary to establish breeding and ownership.

Unsoundnesses which disqualify a stallion or jack for public service are: (1) Moonblindness, (2) bone spavin, (3) bog spavin, (4) ring bone, (5) curb, when accompanied by curby formation of the hock, and (6) any contagious or infectious disease.

A copy of the license and of the affidavit of soundness must be kept posted during the breeding season, in a conspicuous place " . . . upon the stall door or in the enclosure leading to said stall of every stable or building where said stallion or jack is used for public service." Advertisements must plainly designate the type of license (purebred or grade) and the license number.

Renewal licenses are issued annually upon application and filing of the original or last renewal certificate and an affidavit of soundness with the State Department between January 1 and March 1. Renewal fees are $1. In case of change in ownership of a stallion or jack the department will issue a transfer of the license upon satisfactory proof of ownership and the payment of a 50-cent transfer fee.

Stallions and jacks more than six years old are entitled to a permanent certificate if:

1. They have passed an examination for soundness two consecutive years.

2. The last examination was made within the year in which the permanent certificate is granted by a veterinarian approved by the department.

A permanent certificate may be revoked in case the animal becomes infected with any infectious, contagious or communicable disease; also, the department may revoke any license in case an animal is found to be unsound under the law or in case the license was procured by fraud. Violations of this registration law are misdemeanors punishable by fine.

Information relative to licenses for stallions and jacks may be procured from the State Department of Agriculture, Springfield.

The laws discussed above are in the Illinois Revised Statutes, Chapter 8, Sections 38-49.

Streams—In Illinois riparian owners (those who own land adjoining a stream) owe the following duties to down-stream riparian owners:

1. Not to pollute the water and render it unfit for ordinary use.

2. Not to use so much water as to offset the normal flow of the stream.

3. Not to dam the stream or divert its flow in a manner harmful to lower owners.

The Illinois legislature recognizes these established principles of law and has enacted certain statutes to further define rights and duties with respect to streams:

1. It is a misdemeanor to "willfully and wantonly" obstruct the passage of a stream or water course by " . . . felling or depositing any tree, timber or other thing across or into the stream . . ." This does not affect the right to build a bridge or dam for lawful purposes or to fell a tree and immediately remove it from the stream.

2. It is by law a public nuisance to "throw or deposit any offal or other offensive matter or the carcass of any dead animal in any water course, lake, pond, spring, well or common sewer . . ." or "to corrupt or render unwholesome or impure the water of any spring, river, stream, pond, or lake, to the injury or prejudice of others."

3. It is by law the duty of the State Department of Public Works and Buildings ". . . to see that all the streams and lakes of the State of Illinois, wherein the State of Illinois or any of its citizens has any rights or interests, are not polluted or defiled."

4. Cities and villages have the power to change the course and fill the abandoned channel of streams within the city, for streets or other public purposes.

The laws referred to are in the Illinois Revised Statutes, chapter 38, sections 433 and 466; chapter 24, section 809-811a; and chapter 19, section 61.

## It Happened Here

On the eve of Lincoln's birthday the first grade teacher said, "Now, children, you know why there is to be no school tomorrow." "Yas'm, caze you has to stay home an' bake a cake." "Bake a cake, what do you mean?" said the bewildered teacher. 'Caze it's somebody's birthday an' you has to bake a cake." Wouldn't Abraham Lincoln have enjoyed that? Even more, perhaps, he would have liked the little kindergarten girl who ranged her dollies about her and taught them to sing "Happy birthday to you, Abraham Lincoln, happy birthday to you." Guess the Railsplitter bowed them an old fashioned Thank you, for that. History is so much pleasanter with birthday cakes and happy birthday songs for trimmings, and our geat men need to be set forth with candles and music, lest we forget. And how about celebrating the teachers who from year to year seek to bring history and historical figures alive to young minds? And why not a flower for the teacher who so dramatizes the story that the kindergarten children listen spell-bound while Queen Isabella puts on her crown and her prettiest dress to give Columbus an audience? And when he shades his eyes to look out across the western Ocean, no one breathes aloud for fear the sailor may not sight land. A well known newspaper man once wrote in tribute to his teacher, "She put drama into school books." Each one of us, no doubt, remembers a certain teacher for the one thing of value she gave us. There was the grade teacher who drilled us in speaking; she took a familiar poem and drilled us on it until under her tuition it became a thing of beauty to us, and there after to read or recite in slovenly fashion was an irritation and an offense. All our life since we have owed her a debt of gartitude for making reading aloud a pleasure. Another teacher, shallow and giddy for the most part, left a surprising mark by her gift as a prize for spelling of a little blue and gold volume of Tennyson's poems; the gift itself was not so impressive as the reverence for good books with which her Normal teacher had imbued her and which she passed on to us.

Liens for the Service of Stallions and Jacks—In 1917 the Illinois legislature passed a law providing that " . . . every owner of any licensed stallion or jack kept for public service . . . shall have a lien on the mare or jennet for the service fee. . ."

These facts about this lien are important:

1. The lien will not attach unless the stallion or jack is licensed by the State Department of Agriculture.

2. The service must have been requested by the owner of the dam or by his agent.

3. The lien is not effective unless, within 24 months after service, a claim of lien, in writing and under oath, is filed with the county recorder of the county in which the dam is located.

4. A recorded claim of lien for service takes precedence over all other liens or claims not previously recorded.

The claim for lien must state:

1. The name and residence of the person claiming.

2. The name of the owner or reputed owner of the dam or progeny, or both, and a description of such animals sufficient for identification.

3. The amount due for service.

A claim for lien expires if it is not enforced within 30 months after the date of service.

The lien may be enforced by foreclosure before a Justice of the Peace. If the service fee is not paid, an execution is issued and the animal or animals subject to the lien may be sold at public sale to the highest bidder. The service fee, filing and other fees and costs are taken out and the balance, if any remitted to the owner. Animals sold under this lien law may be redeemed by the owner within 30 days after sale by paying to the proper parties the amount of the judgment with 5 per cent interest, together with all costs, expenses and the keep of the animal from the day of sale to the time of redemption.

Provisions of this law are in the Illinois Revised Statutes, chapter 8, sections 51-61.

---

Registration of Stallions and Jacks — Illinois law provides that " . . . every person, firm or corporation standing or offering any stallion or jack for public service in this State shall cause the name, description and age, and in the case of a purebred animal the pedigree, of such stallion or jack to be enrolled by the State Department of Agriculture, and secure a license from the department . . ."

To obtain a license certificate the owner of a stallion or jack must:

1. Forward an application and the required fee of $2 to the State Department of Agriculture.

2. Submit an affidavit to the effect that the stallion or jack is free from hereditary, infectious or contagious diseases or unsoundnesses; or in the case of unsoundness specify such in the affidavit.

3. In case a purebred certificate is being requested, submit the stud book certificate of registry, transfers and other papers necessary to establish breeding and ownership.

Unsoundnesses which disqualify a stallion or jack for public service are: (1) Moonblindness, (2) bone spavin, (3) bog spavin, (4) ring bone, (5) curb, when accompanied by curby formation of the hock, and (6) any contagious or infectious disease.

A copy of the license and of the affidavit of soundness must be kept posted during the breeding season, in a conspicuous place " . . . upon the stall door or in the enclosure leading to said stall of every stable or building where said stallion or jack is used for public service." Advertisements must plainly designate the type of license (purebred or grade) and the license number.

Renewal licenses are issued annually upon application and filing of the original or last renewal certificate and an affidavit of soundness with the State Department between January 1 and March 1. Renewal fees are $1. In case of change in ownership of a stallion or jack the department will issue a transfer of the license upon satisfactory proof of ownership and the payment of a 50-cent transfer fee.

Stallions and jacks more than six years old are entitled to a permanent certificate if:

1. They have passed an examination for soundness two consecutive years.

2. The last examination was made within the year in which the permanent certificate is granted by a veterinarian approved by the department.

A permanent certificate may be revoked in case the animal becomes infected with any infectious, contagious or communicable disease; also, the department may revoke any license in case an animal is found to be unsound under the law or in case the license was procured by fraud. Violations of this registration law are misdemeanors punishable by fine.

Information relative to licenses for stallions and jacks may be procured from the State Department of Agriculture, Springfield.

The laws discussed above are in the Illinois Revised Statutes, Chapter 8, Sections 38-49.

Streams—In Illinois riparian owners (those who own land adjoining a stream) owe the following duties to down-stream riparian owners:

1. Not to pollute the water and render it unfit for ordinary use.

2. Not to use so much water as to offset the normal flow of the stream.

3. Not to dam the stream or divert its flow in a manner harmful to lower owners.

The Illinois legislature recognizes these established principles of law and has enacted certain statutes to further define rights and duties with respect to streams:

1. It is a misdemeanor to "willfully and wantonly" obstruct the passage of a stream or water course by " . . . felling or depositing any tree, timber or other thing across or into the stream . . ." This does not affect the right to build a bridge or dam for lawful purposes or to fell a tree and immediately remove it from the stream.

2. It is by law a public nuisance to "throw or deposit any offal or other offensive matter or the carcass of any dead animal in any water course, lake, pond, spring, well or common sewer . . .," or "to corrupt or render unwholesome or impure the water of any spring, river, stream, pond, or lake, to the injury or prejudice of others."

3. It is by law the duty of the State Department of Public Works and Buildings ". . . to see that all the streams and lakes of the State of Illinois, wherein the State of Illinois or any of its citizens has any rights or interests, are not polluted or defiled."

4. Cities and villages have the power to change the course and fill the abandoned channel of streams within the city, for streets or other public purposes.

The laws referred to are in the Illinois Revised Statutes, chapter 38, sections 433 and 466; chapter 24, section 809-811a; and chapter 19, section 61.

**Citrus Food Expands**

The growing of citrus fruit has expanded more than any other agricultural commodity in the United States in the last 20 years.

**Fantastic Plot**

Police of Milwaukee, Wis., found a home-made submarine in the basement of the home of one of three men who hatched what police termed one of the most fantastic extortion plots in police annals. The trio attempted to extort $100,000 from a Milwaukee chain store manager and to have the money dropped from an airplane over Lake Michigan. They then intended to pick up the money and escape in the submarine. The seaworthiness of the odd craft was never tested and, so far as the police are concerned, its marine career ended before it began. The vessel will be used as evidence in the trial against the alleged plotters.

**Fantastic Plot**

Police of Milwaukee, Wis., found a home-made submarine in the basement of the home of one of three men who hatched what police termed one of the most fantastic extortion plots in police annals. The trio attempted to extort $100,000 from a Milwaukee chain store manager and to have the money dropped from an airplane over Lake Michigan. They then intended to pick up the money and escape in the submarine. The seaworthiness of the odd craft was never tested and, so far as the police are concerned, its marine career ended before it began. The vessel will be used as evidence in the trial against the alleged plotters.

# Regional Champs Knock Out Arlington and Palatine

## Mac Says-

by GERALD A. MC ELROY

As far as the schools of the Northwest and Northeast Conferences are concerned the basketball season of 1940-41 is at an end. Palatine, Woodstock, and Niles all dropped out of the picture in regional semi-final games, falling before New Trier, Dundee, and Waukegan. It was the third time in the last four years that Palatine has played five tournament games, just missing a chance to play in the sectionals. In 1938 it was a 33-25 loss to New Trier that stopped the Pirates and in 1940 a 46-37 defeat at the hands of Waukegan.

**Hebron and Dundee at Waukegan**

Hebron's 50-34 conquest of Dundee in Saturday's final at Woodstock marks the Green Giants as a possible representative of this quarter in the four team state final. Both Dundee and Hebron are currently playing in the Waukegan sectional and it would be not at all unusual for this same pair to meet again in the sectional finals. Only one team moves on from the sectional. We pick Hebron or Dundee to take the Waukegan tournament, Waterman or Proviso to win at Joliet and Freeport or East Rockford to cop the Rockford sectional.

**Quarter-Finals at Elgin Monday**

Monday and Tuesday the state quarter-finals will be played at Elgin for this area. Monday night the Joliet tourney winner plays the Chicago champ and the Rockford victor takes on the Waukegan winner. These games will be just as good and possibly better than the state final contests. The only thing that the finals will have that is better will be the Centralia "wonder team" led by Dwight Eddelman, who has scored 831 points in 38 games up to the beginning of this week. Centralia is an odds on favorite to take the state. Eddelman is just one of a group of real cage stars on the Centralia team.

**State Finals a Sell Out**

Last Saturday it was announced that every seat had been sold for the state final tournament games to be played the evenings of March 21 and 22. All seats are reserved and no single session tickets will be sold. The Elgin quarter-finals were also sold out completely a few days after the tickets were offered to the public.

**Banquet Season Here**

Wauconda held their annual basketball banquet Tuesday evening. Froehlke was voted the most valuable player and Werden the most sportsmanlike.

March 28, Palatine will hold their annual basketball banquet with Ralph Jones, athletic director of Lake Forest College, as the speaker. Letters and championship emblems will be awarded to 10 varsity and seven lightweight players. The four trophies won this year will be on display. The two Palatine teams won 36 and lost 7 this season.

**Set Winning Records**

The Little Seven conference has a couple of winning records that we challenge any league in U. S. to equal. Dundee has won six consecutive double basketball championships and Naperville has taken 10 straight track titles. Dundee had a record of 70 straight varsity cage wins until Wheaton snapped the string in an overtime this year. Naperville has won 68 out of their last 69 dual track meets with the best opposition in the West Suburban area. Coach Harshbarger's team has taken six straight indoor victories to date in spite of last year's wholesale graduation of stars.

**Blanken to Lead Purdue**

Don Blanken of Dundee, center for two seasons on Purdue's Big Ten quintet, has been elected captain for the 1941-42 season. Adams of Dundee was also a major letter winner at Purdue this year. Ken Menke of Dundee was elected co-captain of the University of Illinois freshman cage team along with Andy Phillip of Granite City. Both were all state high school cagers last year. Illinois has several other all state boys on their frosh team including Parker of Morton and Johnson of Hebron.

**Etling Gets Numerals**

Two Illinois boys, Elmer Etling of Crystal Lake and Bill Burghardt of Wheaton, won freshman basketball numerals at Purdue.

Richard Doss of Leyden was named on the all district team at the Wheaton tournament and Pruter was picked on the second team.

**Will Stay Out Next Year**

Coach Bob Horsley of Wheaton says his school will not again enter the state series of tournaments until the crazy set up of districts in Northern Illinois is changed. Wheaton, a team expected to go far, was eliminated by Leyden in an overtime in its first district game.

## Cards, Pirates, Bisons Start Track Season

C. H. Rickert of Naperville high school has sent out invitations to 21 schools in this area to compete in the ninth annual Naperville Invitational Interscholastic Indoor Track and Field meet in North Central fieldhouse March 22. Events will be staged Saturday afternoon and evening.

Teams expected to compete are Wheaton, St. Charles, Geneva, Batavia, West Chicago, and Naperville of the Little Seven; East Aurora, West Aurora, Elgin and Joliet of the Big Eight; Downers Grove, York of Elmhurst; Maine, LaGrange, Riverside and Glenbard of the West Suburban, Lockport, Arlington Heights, Bensenville and Palatine.

Preliminaries for several track and field events will be held in the afternoon with all finals scheduled for the evening performance.

Naperville, winner of 10 consecutive Little Seven outdoor track titles and defending champions of the invitational meet, again is the favorite to win the 1941 crown. York is expected to furnish the Redskins the most opposition, winning the honors in 1939 and being runner-up to Naperville last year.

## Quarter-Final Pairings Announced

Pairings for the quarter-final tournaments of the Illinois High School Association have been announced by Mr. C. W. Whitten.

Quarter-finals will be played Monday and Tuesday, March 17 and 18. Winners will compete in the state classic at the University of Illinois, Champaign, Friday and Saturday, March 21 and 22.

**Chicago Schools Will Not Take Part**

No Chicago high school will take part in the state wide basketball eliminations this year. The Chicago champ was supposed to be one of the quarter finalists at Elgin next Monday, but instead one of the defeated sectional finalists will take its place. Mr. Whitten will draw the fourth team by lot from the final losers at Waukegan, Rockford, and Joliet this Friday.

Only nine out of about 40 Chicago schools have paid dues in the State High School Association this year and the leading contenders for the city title are not among the nine. The schools are holding back because of increased dues and because of the suspension of Fenger high. The dues were raised this year because the state association now handles music, dramatic speech, commercial, and other types of school contests as well as athletic activities. Fenger was suspended for violation of the state rule which forbids football games after the first Saturday in December. Fenger played a post-season game at Miami during the Christmas holidays.

Pairings for March 17:

At Elgin — Sectional loser (by lot) vs. Joliet winner and East Rockford victor vs. Waukegan winner.

At Peoria — Galesburg winner vs. LaSalle winner and Moline winner vs. Pekin winner.

At Springfield—Champaign winner vs. Collinsville winner and Decatur winner vs. Pittsfield winner.

At Centralia — Carbondale winner vs. Effingham winner and Lawrenceville winner vs. Mount Vernon winner.

The winners March 17 will clash March 18 in finals.

In the state meet March 21, Elgin winner plays Centralia champion in the first game and Peoria victor meets Springfield winner in the second battle. On March 22, the losers of March 21 play in the consolation tilt and winners tangle in the second game for the Illinois prep championship.

**Twelfth in England**

Newspaperdom ranks twelfth in the list of England's national industries and employs 80,000 workers regularly.

## New Trier Breaks Pirates' Win Streak

According to the pre-tournament dope the winner of the Palatine-New Trier game was picked to win the Waukegan Regional tournament. That was exactly what happened as New Trier whipped Waukegan 35-25 in the final after turning back the Pirates 29-24 in a hard fought semi-final game. Waukegan reached the finals by beating Niles 45-41.

The Northwest Champion Palatine team had easy going with Libertyville in the opening round, winning 38-18 after piling up a 20-8 lead at the half. Hahnfeldt, Hildebrandt, and DeBerge did most of the Palatine scoring. Zion fell before a fast breaking New Trier team 58-24 in the first round while Waukegan beat Maine 46-37 in a rough and tumble game and Niles outpointed Lake Forest 34-20 after trailing through the first half. Williams and Podrazza led the Trojans while Sorenson who did not play in the district meet starred for Lake Forest.

**Pirates Trail All the Way**

Palatine outplayed New Trier in other respects, but could not hit the basket consistently from either the field or the free throw line. New Trier took a 4-0 lead at the start and held it throughout the game. The score at the quarter was 5-2 as Palatine missed 19 out of 20 shots from the field and all three free throws. At the half New Trier led 15-11 and at the three quarter mark was in front 23-17.

**Eight Baskets—75 Shots**

While Palatine was making but eight field goals in 75 shots for a percentage of 10.7. New Trier's guards together collected 18 points among which were seven long shots. New Trier had a 24.4% shooting average. Palatine's best scorers, Hahnfeldt and Hollinger, each had three baskets and together took 47 attempts. Palatine made eight out of 19 free throws.

**Put Up Hard Fight**

The Pirates never fought harder this season than they did in defeat Friday. They also played a very clean game, being charged with only seven fouls. They also got the most shots at the basket of any game this season. It just was not their night and a brilliant 15 game winning streak, the longest in Palatine's history, came to an end.

**Waukegan Trips Niles**

Niles, like Palatine, found themselves behind at the beginning of the game and never were quite able to catch up with Waukegan. Coach Brown's team was away to a 12-2 lead which Niles whittled down to 30-26 at the half. Niles came up to 40-39 on Waukegan late in the game, but lost Peterson, their sharpshooting guard on fouls, and Podrazza. Domas and Podrazza were leading scorers. The game was very rough and wildly played as both teams played fast break and guarded all over the floor.

New Trier dominated the final game with Waukegan holding a 23-14 lead at the half, and leading 32-15, goig into the final quarter. Stillman scored 15 for New Trier and Tennyson hit for 13 of Waukegan's total. Both teams play in the sectional tourney at Waukegan this week.

## Dundee, Hebron Favorites to Meet In Waukegan Final

Tonight (Thursday) the sectional semi-finals will be played at Waukegan with Dundee meeting Morton of Cicero in one game and the Wednesday evening winners clashing in the other game. Wednesday games were between Hebron and Waukegan and Sycamore and West Aurora. Hebron and Sycamore were expected to be semi-finalists.

Tuesday evening Dundee romped over New Trier 58-39 and Morton easily disposed of Thornton of Calumet City 40-26.

## Hebron Whips Dundee Quintet At Woodstock

Hebron won the regional tournament at Woodstock last week, beating Dundee's team 50 to 34 in the final game. The Green Giants held their famous opponents to one basket in the first quarter and two in the fourth. Five free throws gave Dundee a total of eleven points in those periods while Hebron was rolling up twenty-nine.

Dundee rallied strongly in the second quarter and early in the third to tie the score twice, at 23-all and again at 25-all, but Hebron pulled away. The Red Raiders never successfully penetrated the Hebron zone defense, contenting themselves with shots from the corners and out front.

Voltz and Kjellstrom took ninety percent of the rebounds and Dundee wasn't "hot" enough to outscore the Hebron dead-eyes.

Dundee had previously beaten Woodstock, Northeast champs, by the decisive score of 59 to 33 on Friday night. Zimmerman's boys took an early 11-4 lead over Dundee, but John Seagrist collected three personals in that time and was removed from the game.

Dundee trailed 13-14 at the quarter, led 27-21 at the half, and walked away with the game in the third period. Seagrist lasted only a few minutes after his return to the ball game. With him went Woodstock's chances.

Hebron mowed down Elgin in the semi-final game on Friday night to the tune of 33-16. Like Dundee, the Elgin team was helpless before the Hebron zone. Unlike Dundee, they tried few shots over the defense until they were trailing 31 to 12 with three minutes of the game left.

Hebron led Elgin 8-5 at the quarter, 10-9 at the half, and 21-11 at the end of the third period. When Chapman fouled out in the third quarter, the Elgin attack, already frail, collapsed completely. Elgin never once passed into the interior of Hebron's defense, but tried only for corner shots and rebounds.

Elgin previously had run rough-shod over Crystal Lake. Bannike, Elgin guard, was the outstanding defensive player of the tournament, holding Judson of Hebron to two baskets. Judson, a sophomore, scored eight field goals against Arlington and seven against Dundee.

## Cards Succumb To Hebron in Tourney Opener

Hebron's Green Giants eliminated Arlington from the Woodstock regional on the opening night of the tournament by a score of 55 to 27. The Cardinals made a game fight for a little better than half the ball game, but collapsed in the third quarter. Thereafter Hebron scored at will.

John Harth, regular center, played only five minutes of the game. He was taken out as soon as it was discovered that he was weak from illness, which he had concealed from his coach. The burden of defense under the basket was piled first on Hauptly, then on Jarvis, both of whom fouled out early in the third period. Millay's injured ankle was healed sufficiently to permit him to play part of the game.

Hebron took a lead of 10-8 in the first quarter. Judson and Burgett put them out in front on some good shooting, but Voltz, giant center, was thoroughly bottled up, as he was throughout the entire game. Kjellstrom was unable to get off his usual set shots and was missing repeatedly. Mueller, Jarvis, and Becker did the scoring for Arlington.

In the second quarter Hebron scored first when Kjellstrom hit from the field and he and Judson notched free throws. Then Millay, Becker, and Mueller made free throws which brought the score to 14-13 with four minutes to go.

The Cardinals missed repeatedly on set shots as they penetrated the Hebron defense freely. Behrens of Hebron substituted for G. Burgett and promptly made two one-handers from beyond the free throw circle. Peterson and Kjellstrom also hit, both on good shots, while Mueller was the only Cardinal to score again. The count was 23-15 at the half.

In the third quarter Judson finally broke loose as Arlington's line-up was altered repeatedly. Hauptly and Jarvis fouled out, and while Schwolow, Cardinal captain for this game played an excellent defense and Millay put out as much as his heavily-taped ankle would allow, it wasn't enough to stop a team of Hebron's class. Judson hit five of six shots and Hebron led 39-23 at the third quarter. Arlington reserves finished the game, regardless of the final score.

Mueller played some of his best ball at times, but remained in his shooting slump. His defensive rebound work was impressive, and he covered Kjellstrom very well during the first half. Later he was moved to another assignment because of necessary line-up shifts and Kjellstrom's play improved. Becker was far from hot on shots, although he led the team in scoring, but he was a ball hawk in offensive territory.

Ralph Hauptly was the backbone of the Arlington team with his fine work against Judson whom he held scoreless in the major part of the first half. He repeatedly took the ball off the board against Kjellstrom and Voltz, who stand six five. Millay turned in a good game despite the handicap of a heavily-taped weak ankle.

Bolte, Maseng, and Morici, three younger players from Roy Campbell's Green Tornadoes, were a credit to their coach and team as they filled the gaps in the varsity line-up. Their play, with that of Becker and Millay, promises well for next year's varsity.

## Movie News.

**Valuable Jewels Used In 'South of Suez'**

Now it may be told that $750,000 worth of diamonds "worked" all day long at Warner Bros. studios, in scenes of "South of Suez," the George Brent starring film playing Sunday, Monday, and Tuesday at the Palatine theatre.

During the day extras and others were told that the glittering array were prop-department imitations. Fascinated by their beauty, however, people on the set kept crowding around showcases in which the gems were displayed. Today they are back safely in possession of their owners, however.

Jeanette MacDonald, Nelson Eddy and Director W. S. Van Dyke II, the trio responsible for three of the most successful musicals of screen history, "Naughty Marietta," "Rose Marie" and "Sweethearts," join forces a fourth time with the picturization of Noel Coward's "Bitter Sweet," which also plays Sunday, Monday and Tuesday at The Palatine Theatre.

The Palatine Theatre will bring to the screen a new kind of film thrill when the Edward Robinson starring picture, "A Dispatch From Reuter's," makes its debut. Reuter's name has been seen on a thousand front pages yet nobody knows his story. Now, the most talked about man in history tells his own incredible tale.

The role of Julius Reuter, the man who made the greatest news beats of all time, is played by Robinson, in what is claimed to be the best performance in his admirable career. The picture runs this Thursday, Friday, and Saturday and is cofeatured with Bob Hope and Shirley Ross in "Thanks for the Memory."

**Astaire, Goddard In "Second Chorus" At Catlow Sunday**

Drum-talk, universal language of the jungle, has a prominent part in Warner Bros.' adventure film, "South of Suez," coming to the Catlow Theatre Friday and Saturday, starring George Brent and Brenda Marshall. About half the picture is filmed against African jungle. During much of this action, the jungle drums "talk" for sound background.

Presenting beautiful Paulette Goddard for the first time as a dancer, "Second Chorus," the swing comedy co-starring Fred Astaire, which opens Sunday at the Catlow Theatre, tells the story in hilarious fashion, of what happens when two trumpet players fall for the same girl—and try to cause each other's downfall.

The trumpet players are Fred Astaire, who just can't give up dancing, and Burgess Meredith. Their college band, managed by Paulette Goddard, breaks up because the boys are suddenly and unwillingly graduated. When she gets the job of managing Artie Shaw's band, Astaire and Meredith try to become members of the aggregation, but spoil each other's chances with practical pranks. Charles Butterworth is cast as a millionaire tone-deaf music lover.

One of the most thrilling mystery stories to come out of Hollywood in a long time will make its local bow on Tuesday when Columbia's "The Phantom Submarine" opens at the Catlow Theatre. Featuring Anita Louise and Bruce Bennett in the leading roles, the story concerns itself with a hair-raising search for sunken treasure and a fantastic plot to smash America's vital defenses by means of a secret submarine base.

Double featured on Tuesday with "The Phantom Submarine" is "The Fargo Kid," starring Tim Holt with Ray Whitley, Emmett Lynn and Jane Drummond.

Convinced that he had obtained for Paramounts' latest Technicolor comedy romance, "Virginia," which opens Wednesday at the Catlow Theatre, for 3 days, the most beautiful scenic effects ever brought to the screen, Producer-director Edward H. Griffith insisted that credit be given where credit is largely due—Mother Nature.

And so, when Virginians see the picture, filmed in the beautiful area around Charlottesville commonly called "Old Virginia," they will find the land they love has been given its just due.

Along with the names of the stars, Madeleine Carroll and Fred MacMurray, of Director of Photography Bert Glennon and Technicolor cameraman William Skall, is the list of credits that precedes the picture, will appear this:

**"Arizona" Romance**

A son of the plains and a daughter of the West find romance and adventure in turbulent Old Tucson, dramatic scene of Wesley Ruggles' new production, "Arizona," starting Sunday at the Des Plaines Theatre for a four day run. She's Jean Arthur, star of the spectacular epic; he's William Holden, featured with Warren William in the cast of thousands.

**Jack Benny - Fred Allen Film at Des Plaines**

The current double feature attraction at the Des Plaines Theatre, completing its three-day run on Saturday night, is headed by the Technicolor musical success co-starring Jeanette MacDonald and Nelson Eddy; "Bittersweet." Jane Withers' newest feature comedy, "Youth Will Be Served," rounds out the show.

On Sunday, "Love Thy Neighbor," with Jack Benny and Fred Allen co-starred for the first time, opens for an extended run of four days. Jack and Fred, long friendly rivals of the air waves, transfer their feud to film in one of the funniest comedies ever screened. Mary Martin, singing "My Heart Belongs to Daddy," is the leading feminine member of a big cast which also includes Rochester, Benny's chief stooge. Co-featured in Sunday's show is the epic production of "Arizona" starring Jean Arthur, and featuring among others, William Holden and Warren William.

# Regional Champs Knock Out Arlington and Palatine

## Mac Says-

by GERALD A. MC ELROY

As far as the schools of the Northwest and Northeast Conferences are concerned the basketball season of 1940-41 is at an end. Palatine, Woodstock, and Niles all dropped out of the picture in regional semi-final games, falling before New Trier, Dundee, and Waukegan. It was the third time in the last four years that Palatine has played five tournament games, just missing a chance to play in the sectionals. In 1938 it was a 33-25 loss to New Trier that stopped the Pirates and in 1940 a 46-37 defeat at the hands of Waukegan.

**Hebron and Dundee at Waukegan**

Hebron's 50-34 conquest of Dundee in Saturday's final at Woodstock marks the Green Giants as a possible representative of this quarter in the four team state final. Both Dundee and Hebron are currently playing in the Waukegan sectional and it would be not at all unusual for this same pair to meet again in the sectional finals. Only one team moves on from the sectional. We pick Hebron or Dundee to take the Waukegan tournament, Waterman or Proviso to win at Joliet and Freeport or East Rockford to cop the Rockford sectional.

**Quarter-Finals at Elgin Monday**

Monday and Tuesday the state quarter-finals will be played at Elgin for this area. Monday night the Joliet tourney winner plays the Chicago champ and the Rockford victor takes on the Waukegan winner. These games will be just as good and possibly better than the state final contests. The only thing that the finals will have that is better will be the Centralia "wonder team" led by Dwight Eddelman, who has scored 831 points in 38 games up to the beginning of this week. Centralia is an odds on favorite to take the state. Eddelman is just one of a group of real cage stars on the Centralia team.

**State Finals a Sell Out**

Last Saturday it was announced that every seat had been sold for the state final tournament games to be played the evenings of March 21 and 22. All seats are reserved and no single session tickets will be sold. The Elgin quarter-finals were also sold out completely a few days after the tickets were offered to the public.

**Banquet Season Here**

Wauconda held their annual basketball banquet Tuesday evening. Froehlke was voted the most valuable player and Werden the most sportsmanlike.

March 28, Palatine will hold their annual basketball banquet with Ralph Jones, athletic director of Lake Forest College, as the speaker. Letters and championship emblems will be awarded to 10 varsity and seven lightweight players. The four trophies won this year will be on display. The two Palatine teams won 36 and lost 7 this season.

**Set Winning Records**

The Little Seven conference has a couple of winning records that we challenge any league in U. S. to equal. Dundee has won six consecutive double basketball championships and Naperville has taken 10 straight track titles. Dundee had a record of 70 straight varsity cage wins until Wheaton snapped the string in an overtime this year. Naperville has won 68 out of their last 69 dual track meets with the best opposition in the West Suburban area. Coach Harshbarger's team has taken six straight indoor victories to date in spite of last year's wholesale graduation of stars.

**Blanken to Lead Purdue**

Don Blanken of Dundee, center for two seasons on Purdue's Big Ten quintet, has been elected captain for the 1941-42 season. Adams of Dundee was also a major letter winner at Purdue this year. Ken Menke of Dundee was elected co-captain of the University of Illinois freshman cage team along with Andy Phillip of Granite City. Both were all state high school cagers last year. Illinois has several other all state boys on their frosh team including Parker of Morton and Johnson of Hebron.

**Etling Gets Numerals**

Two Illinois boys, Elmer Etling of Crystal Lake and Bill Burghardt of Wheaton, won freshman basketball numerals at Purdue.

Richard Doss of Leyden was named on the all district team at the Wheaton tournament and Pruter was picked on the second team.

**Will Stay Out Next Year**

Coach Bob Horsley of Wheaton says his school will not again enter the state series of tournaments until the crazy set up of districts in Northern Illinois is changed. Wheaton, a team expected to go far, was eliminated by Leyden in an overtime in its first district game.

## Cards, Pirates, Bisons Start Track Season

C. H. Rickert of Naperville high school has sent out invitations to 21 schools in this area to compete in the ninth annual Naperville Invitational Interscholastic Indoor Track and Field meet in North Central fieldhouse March 22. Events will be staged Saturday afternoon and evening.

Teams expected to compete are Wheaton, St. Charles, Geneva, Batavia, West Chicago, and Naperville of the Little Seven; East Aurora, West Aurora, Elgin and Joliet of the Big Eight; Downers Grove, York of Elmhurst; Maine, LaGrange, Riverside and Glenbard of the West Suburban, Lockport, Arlington Heights, Bensenville and Palatine.

Preliminaries for several track and field events will be held in the afternoon with all finals scheduled for the evening performance.

Naperville, winner of 10 consecutive Little Seven outdoor track titles and defending champions of the invitational meet, again is the favorite to win the 1941 crown. York is expected to furnish the Redskins the most opposition, winning the honors in 1939 and being runner-up to Naperville last year.

## Quarter-Final Pairings Announced

Pairings for the quarter-final tournaments of the Illinois High School Association have been announced by Mr. C. W. Whitten.

Quarter-finals will be played Monday and Tuesday, March 17 and 18. Winners will compete in the state classic at the University of Illinois, Champaign, Friday and Saturday, March 21 and 22.

**Chicago Schools Will Not Take Part**

No Chicago high school will take part in the state wide basketball eliminations this year. The Chicago champ was supposed to be one of the quarter finalists at Elgin next Monday, but instead one of the defeated sectional finalists will take its place. Mr. Whitten will draw the fourth team by lot from the final losers at Waukegan, Rockford, and Joliet this Friday.

Only nine out of about 40 Chicago schools have paid dues in the State High School Association this year and the leading contenders for the city title are not among the nine. The schools are holding back because of increased dues and because of the suspension of Fenger high. The dues were raised this year because the state association now handles music, dramatic speech, commercial, and other types of school contests as well as athletic activities. Fenger was suspended for violation of the state rule which forbids football games after the first Saturday in December. Fenger played a post-season game at Miami during the Christmas holidays.

Pairings for March 17:

At Elgin — Sectional loser (by lot) vs. Joliet winner and East Rockford victor vs. Waukegan winner.

At Peoria — Galesburg winner vs. LaSalle winner and Moline winner vs. Pekin winner.

At Springfield—Champaign winner vs. Collinsville winner and Decatur winner vs. Pittsfield winner.

At Centralia — Carbondale winner vs. Effingham winner and Lawrenceville winner vs. Mount Vernon winner.

The winners March 17 will clash March 18 in finals.

In the state meet March 21, Elgin winner plays Centralia champion in the first game and Peoria victor meets Springfield winner in the second battle. On March 22, the losers of March 21 play in the consolation tilt and winners tangle in the second game for the Illinois prep championship.

**Twelfth in England**

Newspaperdom ranks twelfth in the list of England's national industries and employs 80,000 workers regularly.

## New Trier Breaks Pirates' Win Streak

According to the pre-tournament dope the winner of the Palatine-New Trier game was picked to win the Waukegan Regional tournament. That was exactly what happened as New Trier whipped Waukegan 35-25 in the final after turning back the Pirates 29-24 in a hard fought semi-final game. Waukegan reached the finals by beating Niles 45-41.

The Northwest Champion Palatine team had easy going with Libertyville in the opening round, winning 38-18 after piling up a 20-8 lead at the half. Hahnfeldt, Hildebrandt, and DeBerge did most of the Palatine scoring. Zion fell before a fast breaking New Trier team 58-24 in the first round while Waukegan beat Maine 46-37 in a rough and tumble game and Niles outpointed Lake Forest 34-20 after trailing through the first half. Williams and Podrazza led the Trojans while Sorenson who did not play in the district meet starred for Lake Forest.

**Pirates Trail All the Way**

Palatine outplayed New Trier in other respects, but could not hit the basket consistently from either the field or the free throw line. New Trier took a 4-0 lead at the start and held it throughout the game. The score at the quarter was 5-2 as Palatine missed 19 out of 20 shots from the field and all three free throws. At the half New Trier led 15-11 and at the three quarter mark was in front 23-17.

**Eight Baskets—75 Shots**

While Palatine was making but eight field goals in 75 shots for a percentage of 10.7. New Trier's guards together collected 18 points among which were seven long shots. New Trier had a 24.4% shooting average. Palatine's best scorers, Hahnfeldt and Hollinger, each had three baskets and together took 47 attempts. Palatine made eight out of 19 free throws.

**Put Up Hard Fight**

The Pirates never fought harder this season than they did in defeat Friday. They also played a very clean game, being charged with only seven fouls. They also got the most shots at the basket of any game this season. It just was not their night and a brilliant 15 game winning streak, the longest in Palatine's history, came to an end.

**Waukegan Trips Niles**

Niles, like Palatine, found themselves behind at the beginning of the game and never were quite able to catch up with Waukegan. Coach Brown's team was away to a 12-2 lead which Niles whittled down to 30-26 at the half. Niles came up to 40-39 on Waukegan late in the game, but lost Peterson, their sharpshooting guard on fouls, and Podrazza. Domas and Podrazza were leading scorers. The game was very rough and wildly played as both teams played fast break and guarded all over the floor.

New Trier dominated the final game with Waukegan holding a 23-14 lead at the half, and leading 32-15, goig into the final quarter. Stillman scored 15 for New Trier and Tennyson hit for 13 of Waukegan's total. Both teams play in the sectional tourney at Waukegan this week.

## Dundee, Hebron Favorites to Meet In Waukegan Final

Tonight (Thursday) the sectional semi-finals will be played at Waukegan with Dundee meeting Morton of Cicero in one game and the Wednesday evening winners clashing in the other game. Wednesday games were between Hebron and Waukegan and Sycamore and West Aurora. Hebron and Sycamore were expected to be semi-finalists.

Tuesday evening Dundee romped over New Trier 58-39 and Morton easily disposed of Thornton of Calumet City 40-26.

## Hebron Whips Dundee Quintet At Woodstock

Hebron won the regional tournament at Woodstock last week, beating Dundee's team 50 to 34 in the final game. The Green Giants held their famous opponents to one basket in the first quarter and two in the fourth. Five free throws gave Dundee a total of eleven points in those periods while Hebron was rolling up twenty-nine.

Dundee rallied strongly in the second quarter and early in the third to tie the score twice, at 23-all and again at 25-all, but Hebron pulled away. The Red Raiders never successfully penetrated the Hebron zone defense, contenting themselves with shots from the corners and out front.

Voltz and Kjellstrom took ninety percent of the rebounds and Dundee wasn't "hot" enough to outscore the Hebron dead-eyes.

Dundee had previously beaten Woodstock, Northeast champs, by the decisive score of 59 to 33 on Friday night. Zimmerman's boys took an early 11-4 lead over Dundee, but John Seagrist collected three personals in that time and was removed from the game.

Dundee trailed 13-14 at the quarter, led 27-21 at the half, and walked away with the game in the third period. Seagrist lasted only a few minutes after his return to the ball game. With him went Woodstock's chances.

Hebron mowed down Elgin in the semi-final game on Friday night to the tune of 33-16. Like Dundee, the Elgin team was helpless before the Hebron zone. Unlike Dundee, they tried few shots over the defense until they were trailing 31 to 12 with three minutes of the game left.

Hebron led Elgin 8-5 at the quarter, 10-9 at the half, and 21-11 at the end of the third period. When Chapman fouled out in the third quarter, the Elgin attack, already frail, collapsed completely. Elgin never once passed into the interior of Hebron's defense, but tried only for corner shots and rebounds.

Elgin previously had run rough-shod over Crystal Lake. Bannike, Elgin guard, was the outstanding defensive player of the tournament, holding Judson of Hebron to two baskets. Judson, a sophomore, scored eight field goals against Arlington and seven against Dundee.

## Cards Succumb To Hebron in Tourney Opener

Hebron's Green Giants eliminated Arlington from the Woodstock regional on the opening night of the tournament by a score of 55 to 27. The Cardinals made a game fight for a little better than half the ball game, but collapsed in the third quarter. Thereafter Hebron scored at will.

John Harth, regular center, played only five minutes of the game. He was taken out as soon as it was discovered that he was weak from illness, which he had concealed from his coach. The burden of defense under the basket was piled first on Hauptly, then on Jarvis, both of whom fouled out early in the third period. Millay's injured ankle was healed sufficiently to permit him to play part of the game.

Hebron took a lead of 10-8 in the first quarter. Judson and Burgett put them out in front on some good shooting, but Voltz, giant center, was thoroughly bottled up, as he was throughout the entire game. Kjellstrom was unable to get off his usual set shots and was missing repeatedly. Mueller, Jarvis, and Becker did the scoring for Arlington.

In the second quarter Hebron scored first when Kjellstrom hit from the field and he and Judson notched free throws. Then Millay, Becker, and Mueller made free throws which brought the score to 14-13 with four minutes to go.

The Cardinals missed repeatedly on set shots as they penetrated the Hebron defense freely. Behrens of Hebron substituted for G. Burgett and promptly made two one-handers from beyond the free throw circle. Peterson and Kjellstrom also hit, both on good shots, while Mueller was the only Cardinal to score again. The count was 23-15 at the half.

In the third quarter Judson finally broke loose as Arlington's line-up was altered repeatedly. Hauptly and Jarvis fouled out, and while Schwolow, Cardinal captain for this game played an excellent defense and Millay put out as much as his heavily-taped ankle would allow, it wasn't enough to stop a team of Hebron's class. Judson hit five of six shots and Hebron led 39-23 at the third quarter. Arlington reserves finished the game, regardless of the final score.

Mueller played some of his best ball at times, but remained in his shooting slump. His defensive rebound work was impressive, and he covered Kjellstrom very well during the first half. Later he was moved to another assignment because of necessary line-up shifts and Kjellstrom's play improved. Becker was far from hot on shots, although he led the team in scoring, but he was a ball hawk in offensive territory.

Ralph Hauptly was the backbone of the Arlington team with his fine work against Judson whom he held scoreless in the major part of the first half. He repeatedly took the ball off the board against Kjellstrom and Voltz, who stand six five. Millay turned in a good game despite the handicap of a heavily-taped weak ankle.

Bolte, Maseng, and Morici, three younger players from Roy Campbell's Green Tornadoes, were a credit to their coach and team as they filled the gaps in the varsity line-up. Their play, with that of Becker and Millay, promises well for next year's varsity.

## Movie News.

**Valuable Jewels Used In 'South of Suez'**

Now it may be told that $750,000 worth of diamonds "worked" all day long at Warner Bros. studios, in scenes of "South of Suez," the George Brent starring film playing Sunday, Monday, and Tuesday at the Palatine theatre.

During the day extras and others were told that the glittering array were prop-department imitations. Fascinated by their beauty, however, people on the set kept crowding around showcases in which the gems were displayed. Today they are back safely in possession of their owners, however.

Jeanette MacDonald, Nelson Eddy and Director W. S. Van Dyke II, the trio responsible for three of the most successful musicals of screen history, "Naughty Marietta," "Rose Marie" and "Sweethearts," join forces a fourth time with the picturization of Noel Coward's "Bitter Sweet," which also plays Sunday, Monday and Tuesday at The Palatine Theatre.

The Palatine Theatre will bring to the screen a new kind of film thrill when the Edward Robinson starring picture, "A Dispatch From Reuter's," makes its debut. Reuter's name has been seen on a thousand front pages yet nobody knows his story. Now, the most talked about man in history tells his own incredible tale.

The role of Julius Reuter, the man who made the greatest news beats of all time, is played by Robinson, in what is claimed to be the best performance in his admirable career. The picture runs this Thursday, Friday, and Saturday and is cofeatured with Bob Hope and Shirley Ross in "Thanks for the Memory."

**Astaire, Goddard In "Second Chorus" At Catlow Sunday**

Drum-talk, universal language of the jungle, has a prominent part in Warner Bros.' adventure film, "South of Suez," coming to the Catlow Theatre Friday and Saturday, starring George Brent and Brenda Marshall. About half the picture is filmed against African jungle. During much of this action, the jungle drums "talk" for sound background.

Presenting beautiful Paulette Goddard for the first time as a dancer, "Second Chorus," the swing comedy co-starring Fred Astaire, which opens Sunday at the Catlow Theatre, tells the story in hilarious fashion, of what happens when two trumpet players fall for the same girl—and try to cause each other's downfall.

The trumpet players are Fred Astaire, who just can't give up dancing, and Burgess Meredith. Their college band, managed by Paulette Goddard, breaks up because the boys are suddenly and unwillingly graduated. When she gets the job of managing Artie Shaw's band, Astaire and Meredith try to become members of the aggregation, but spoil each other's chances with practical pranks. Charles Butterworth is cast as a millionaire tone-deaf music lover.

One of the most thrilling mystery stories to come out of Hollywood in a long time will make its local bow on Tuesday when Columbia's "The Phantom Submarine" opens at the Catlow Theatre. Featuring Anita Louise and Bruce Bennett in the leading roles, the story concerns itself with a hair-raising search for sunken treasure and a fantastic plot to smash America's vital defenses by means of a secret submarine base.

Double featured on Tuesday with "The Phantom Submarine" is "The Fargo Kid," starring Tim Holt with Ray Whitley, Emmett Lynn and Jane Drummond.

Convinced that he had obtained for Paramounts' latest Technicolor comedy romance, "Virginia," which opens Wednesday at the Catlow Theatre, for 3 days, the most beautiful scenic effects ever brought to the screen, Producer-director Edward H. Griffith insisted that credit be given where credit is largely due—Mother Nature.

And so, when Virginians see the picture, filmed in the beautiful area around Charlottesville commonly called "Old Virginia," they will find the land they love has been given its just due.

Along with the names of the stars, Madeleine Carroll and Fred MacMurray, of Director of Photography Bert Glennon and Technicolor cameraman William Skall, is the list of credits that precedes the picture, will appear this:

**"Arizona" Romance**

A son of the plains and a daughter of the West find romance and adventure in turbulent Old Tucson, dramatic scene of Wesley Ruggles' new production, "Arizona," starting Sunday at the Des Plaines Theatre for a four day run. She's Jean Arthur, star of the spectacular epic; he's William Holden, featured with Warren William in the cast of thousands.

**Jack Benny - Fred Allen Film at Des Plaines**

The current double feature attraction at the Des Plaines Theatre, completing its three-day run on Saturday night, is headed by the Technicolor musical success co-starring Jeanette MacDonald and Nelson Eddy; "Bittersweet." Jane Withers' newest feature comedy, "Youth Will Be Served," rounds out the show.

On Sunday, "Love Thy Neighbor," with Jack Benny and Fred Allen co-starred for the first time, opens for an extended run of four days. Jack and Fred, long friendly rivals of the air waves, transfer their feud to film in one of the funniest comedies ever screened. Mary Martin, singing "My Heart Belongs to Daddy," is the leading feminine member of a big cast which also includes Rochester, Benny's chief stooge. Co-featured in Sunday's show is the epic production of "Arizona" starring Jean Arthur, and featuring among others, William Holden and Warren William.
